

There are two indexes to review the (1) County Commissioners' Index and the (2) County Layout Indexes. The (1) County Commissioners' Index is where statute required recording various layouts (before any recording requirement existed for the Registry of Deeds). The (2) County Layout Indexes is an internal document with information of county layouts prepared by this office or contracted firms which have been recorded in the Registry of Deeds.

To research County Layouts:

1. Review the **County Commissioners' Index, Highways by Town, Town of Interest.**

114 Milton *Highways, &c.*

Date.	Street or Way.	Description.	Plan.		Record.	
			Book.	No.	Vol.	Page.
1822-Sept.	Centre Street	from road at house occupied by Zebediah Williams across Pratt, Welles, Swift + Churchill's land to county road at northeast corner of burying ground laid out.	1	11	1	360

Look through the listing and see if the road is a county layout. The plan reference is to the **County Highway Plans** folder. The record reference is to the **Commissioners Record Books** folder.

2. Review the County Layout Indexes. Use the Town by Street pdf. See if the road is a county layout.
