This petition was presented to the Commissioners and duly entered at a meeting of said Commissioners, held at Dedham, on the thirteenth day of October, 1970 by adjournment of their September meeting next preceding; a notice of said meeting having been posted as required by law; and the seventeenth day of November, 1970 and two-thirty o'clock in the afternoon at the Court House in Dedham were appointed by said Commissioners as the time and place for commencing and proceeding to view the premises: and they thereupon caused a copy of said petition and of order of

notice thereon to be served upon the Clerk of the Town of FOXBOROUGH, being the town within which such relocation of way was prayed for fifteen days at least before the time appointed for said view, and also caused copies of an abstract of said petition and of said order of notice to be posted in two public places in said town: and to be published in the PATRIOT LEDGER, a newspaper published in said County, said posting and publication having been seven days at least before the time appointed for said view, that all persons and corporations interested for or against said petition, might then and thereappear and be heard if they saw fit.

And on the said seventeenth day of November, 1970 the Commissioners, James J. Collins, Thomas K. McManus, and George B. McDonald, met at the time and place specified in said order, when and where the petitioners appeared and the Town of FOXBOROUGH was represented by its Selectmen; and the said Commissioners viewed the route and premises and heard all persons and corporations interested; and no party interested objected; and thereupon the said Commissioners did adjudge that common convenience and necessity require that said way be relocated as prayed for in said petition.

And now the said Commissioners, by courses and distances, metes and bounds, do relocate said DANIELS STREET as prayed for in said petition.

And the lines of said relocation of said DANIELS STREET are as follows:

The northerey line begins at a stone bound which is on The Town Line between Plainvillle and Foxborough; thence N-72-41-20-E a distance of 470.46 ft. to a stone bound; thence continuing on the samecourse a distance of 400.00 ft. to a stone bound; thence continuing on the same course a distance of 400.00 ft. to a stone bound; thence by a curve to the left with a radius of 4000.00 ft. a distance of 249.39 ft. to a stone bound; thence N-69-07-00-E a distance of 344.69 ft. to a stone bound.

The southerly line begins at a stone bound which is on the Town Line between Plainville and Foxborough; said bound being S-1-15-42-E a distance of 62.43 ft. from the first bound on the northerly line as above described; thence N-72-41-20-E a distance of 487.72 ft. to a stone bound; thence continuing on the

same course of distance of 400.00 ft. to a stone bound; thence continuing on the same course a distance of 400.00 ft. to a stone bound; thence by a curve to the left with a radius of 4060.00 ft. a distance of 253.13 ft. to a stone bound; thence N-69-07-00-E a distance of 316.22 ft. to a stone bound; said bound being S-4-30-00-W a distance of 66.41 ft. from the last bound on the northerly line as above described.

The southerly line heretofore described is 60.00 ft. southerly from and parallel to the northerly line.

And the said Commissioners do hereby take for the purposes of a highway all the fee and rights incident to a public highway in the lands included within the lines of location hereinbefore described and the grade thereof is established, all as shown upon a plan entitled "Plan and Profile showing the Relocation and Widening of Daniels Street, Foxborough, between the Plainville Town Line and West Street, as made by the Norfolk County Commissioners by Return dated May 11, 1971. Horizontal Scale: 1 inch = 40 feet. Vertical Scale: 1 inch= 8 feet. Charles C. Cain, County Engineer" and signed by "James J. Collins, Chairman" which plan is filed herewith and made a part of this Return in accordance with the provisions of Chapter 79 of the General Laws, and all acts and amendments thereof and in addition thereto.

And the said Commissioners do likewise take temporary easements in lands adjoining the location of said way as hereby established, consisting of the right to have the lands of said location protected by having the surface of the adjoiuning land slope from the lines of said location as indicated on said plan. Said temporary easements to be in effect only until said way is constructed to the full width of the layout as above described and a certificate to that effect has been duly filed by the County Commissioners with their official records.

And permanent stone bounds will be erected at the termini and angles of said way relocated aforesaid.

And it is determined by the Commissioners that the Inhabitants of the Town of Foxborough do, within five years from the date of this Return and Order, complete said way in a thorough and workmanlike manner and to the acceptance of the County Commissioners.

The travelled part of said way shall be constructed not less than thirty=four (34) feet in width.

Suitable sidewalks, gutters, culverts, retaining walls, fences and railing shall be constructed, wherever, in the opinion of the County Commissioners, they are needed, provided, however, no trees more than one and one half inches in diamter on foot above the ground shall be removed in the course of work done under this paragraph until the County Commissioners have been given notice of the intention to remove such trees and their assent thereto in writing has been given to the Inhabitants of the Town of FOXBOROUGH.

And it is determined by the Commissioners that all the expense of making the relocation of way prescribed in this Return and Order, including the expense of constructing said way;, and all land and other damages and expenses incident thereto, be paid by the Inhabitants of the Town of FOXBOROUGH.

And the Commissioners have heard the proprietors of lands and property, rights and interest, taken or affected by these proceedings, and have considered and estimated the damages sustained in the premises, having had regard to all the damages done to the parties respectively, whether by taking their property or injuring it in any manner, and having allowed by way of set off, the benefits, if any, to the property of said parties in the premises, and do estimate and determine the damages to be paid to said parties respectively, in the sums hereafter named, in accordance with the requirements of General Laws, Chapter 79, possession becoming effective upon the recording of this Return and Order of Taking in the Norfolk Registry of Deeds.

This petition was presented to the Commissioners and duly entered at a meeting of said Commissioners, held at Dedham, on the twelfth day of November, 1968 by adjournment of their September meeting next preceding; a notice of said meeting having been posted as required by law; and the seventeenth day of December, 1968 and two-thirty o'clock in the afternoon at the Court House in said Dedham were appointed by said Commissioners as the time and place for commending and proceeding to view the premises; and they thereupon caused a copy of said petition and of order of notice thereon to be served upon the Clerk of the Town of BRAINTREE, being the town within which such relocation of way was prayed for, fifteen days at least before the time appointed for said view, and also caused copies of an abstract of said petition and of said order of notice to be posted in two public places in said town: and to be published in the PATRIOT LEDGER, a newspaper published in said County, said posting and publication having been seven days at least before the time appointed for said view, that all persons and corporations interested for or against said petition, might then and there appear and be heard if they saw fit.

And on the said seventeenth day of December, 1968, the Commissioners, James J. Collins, Thomas K. McManus, and Russell T. Bates, met at the time and place specified in said Order, when and where the petitioners appeared and the Town of BRAINTREE was represented by its Selectmen; and the said Commissioners then viewed the route and premises, and heard all persons and corporations interested; and thereupon the said Commissioners did adjudge that common convenience and necessity require that said way be relocated as prayed for in said petition. And thence the same was continued and adjourned from time to time to a meeting of the Commissioners held at Dedham on the twenty-third day of June, 1970, by adjournment of their June meeting next preceding, a notice of said meeting having been posted as required by law: when and where upon the adjudication aforesaid, the Commissioners appointed the twenty-eighth day of July, 1970 and three o'clock in the afternoon at the Town Hall in Braintree as the time and place when they would proceed to and take such action in relation to said adjudication as by law they might be authorized to do.

And having given notice of such adjudication and of the

time and place appointed, and for the purpose aforesaid in the same manner as the notice and publication were given and made before first proceeding to view, the said Commissioners met at the time and place appointed and then and there heard all persons and corporations interested and said hearing was continued and adjourned from time to time to this meeting.

And now the Commissioners, James J. Collins, Thomas K. McManus and George B. McDonald, by courses and distances, metes and bounds, do relocate said POND STREET as prayed for in said petition.

And the lines of said relocation of said POND STREET are as follows:

This petition was presented to the Commissiones and duly entered at a meeting of said Commissioners, held at Dedham, on the seventeenth day of March, 1970 by adjournment of their December meeting next preceding; a notice of said meeting having

been posted as required by law; and the seventh day of April, 1970 and two thirty o'clock in the afternoon at the Court House in Dedham were appointed by said Commissioners as the time and place for commencing and proceeding to view the premises; and they thereupon caused a copy of said petition and of order of notice thereon to be served upon the Clerk of the Town of BELLINGHAM, being the town within which such relocation of way was prayed for, fifteen days at least before the time appointed for said view, and also caused copies of an abstract of said petition and of said order of notice to be posted in two public places in said town: and to be published in the FRANKLIN SENTINEL, a newspaper published in said County, said posting and publication having been seven days at least before the time appointed for said view, that all persons and corporations interested for or against said petition, might then and there appear and be heard if they saw fit.

And on the said seventh day of April, 1970, the Commissioners, James J. Collins, Thomas K. McManus, and George B. McDonald, met at the time and place specified in said Order, when and where the petitioners appeared and the Town of BELLINGHAM was represented by its Selectmen; and the said Commissioners then viewed the route and premises and heard all persons and corporations interested and no party interested objected, and, thereupon, the said Commissioners did adjudge that common convenience and necessity require that the said way be relocated as prayed for in said petition.

And thence the same was continued and adjourned from time to time to a meeting of the Commissioners held at Dedham on the thirteenth day of October, 1970, by adjournment of their September meeting next preceding; a notice of said meeting having been posted as required by law: when and where upon the adjudication aforesaid, the said Commissioners appointed the tenth day of November 1970 and three o'clock in the afternoon at the Town Hall in BELLINGHAM as the time and place when they would proceed to and take such action in relation to said adjudication as by law they might be authorized to do.

And having given notice of such adjudication and of the time and place appointed, and for the purpose aforesaid in the same manner as the notice and publication were given and made before first proceeding to view, the said Commissioners met at the time and place appointed and then and there heard all persons and corporations interested and said hearing was continued and adjourned from time to time to this meeting.

And now the said Commissioners by courses and distances, metes and bounds, do relocate said DEPOT STREET as prayed for in said petition.

And the lines of said relocation of said DEPOT STREET are as follows:

The northeasterly line begins at a stone bound which is on the southerly line of Hartford Street as laid out by the Norfolk County Commissioners by return dated June 11, 1929; thence southwesterly and southeasterly by a curve with a radius of 20.00 ft. a distance of 27.74 ft. to a stone bound; thence S-49-09-35-E a distance of 259.88 ft. to a stone bound; thence S-50-45-52-E a distance of 653.60 ft. to a stone bound; thence by a curve to the right with a radius of 2060.00 ft. a distance of 399.00 ft. to a stone bound; thence S-39-40-01-E a distance of 834.09 ft. to a stone bound; thence S-34-36-01-E a distance of 240.26 ft. to a stone bound; thence continuing by the same course 500.00 ft. to a stone bound; thence continuing by the same course 500.00 ft. to a stone bound; thence continuing by the same course 664.19 ft. to a stone bound; thence S-34-00-55-E a distance of 621.70 ft. to a stone bound; thence by a curve to the left with a radius of 2000.00 ft. a distance of 307.68 ft. to a stone bound; thence S-42-49-47-E a distance of 187.33 ft. to a stone bound; thence S-52-41-06-E a distance of 192.84 ft. to a stone bound; thence S-32-40-10-E a distance of 189.49 ft. to a stone bound; thence S-38-40-47-E a distance of 45.00 ft. to a stone bound; thence continuing on the same course 89.96 ft. to a stone bound; thence continuing on the same course 62.91 ft. to a stone bound; thence by a curve to the left with a radius of 50.60 ft. a distance of 20.74 ft. to a stone bound; thence continuing by the same curve 42.32 ft. to a stone bound which is on the northerly line of River Street

This petition was presented to the Commissioners and duly entered at a meeting of said Commissioners, held at Dedham, on the twenty-second day of June, 1971 by adjournment of their April meeting next preceding; a notice of said meeting having been posted as required by law; and the twenthieth day of July, 1971 and two-thirty o'clock in the afternoon at the Court House in Dedham were appointed by said Commissioners as the time and place for commencing and proceeding to view the premises; and they thereupon caused a copy of said petition and of order of notice thereon to be served upon the Clerk of the Town of MEDFIELD, being the town within which such layout of way was prayed for, fifteen days at least before the time appointed for said view, and also caused copies of an abstract of said petition and of said order of notice to be posted in two public places in said town: and to be published in the QUINCY PATRIOT LEDGER, a newspaper published in said County, said posting and publication having been seven days at least before the time appointed for said view, that all persons and corporations interested for or against said petition might then and there appear and be heard if they saw fit.

And on the said twentieth day of July, 1971, the Commissioners, James J. Collins, Thomas K. McManus, and George B. McDonald, met at the time and place specified in said Order, when and where the petitioners appeared and the Town of MEDFIELD was represented by its Selectmen; and the said Commissioners then viewed the route and premises, and heard all persons and corporations interested; and no party interested objected; and thereupon the said Commissioners did adjudge that public convenience and necessity require that the said way be laid out as prayed for in said petition.

And now the said Commissioners, James J. Collins,

Thomas K. McManus and George B. McDonald, by courses and distances, metes and bounds, do lay out said way as prayed for in said petition.

And the lines of said layout of said way are as follows:

The westerly line begins at a stone bound which is on the easterly line of North Street as laid out by the Norfolk County Commissioners by return dated November 17, 1970; thence N-3-48-50-W a distance of 50.76 ft. to a stone bound; thence N-5-39-50-W a distance of 601.53 ft. to a bolt in ledge; thence N-18-37-40-W a distance of 281.94 ft. to a stone bound which is on the southwesterly line of Farm Street; thence N-18-04-40-W a distance of 176.24 ft. to a stone bound which is on the northeasterly line of Farm Street; thence southeasterly, easterly and northerly by a curve with a radius of 19.69 ft. a distance of 53.74 ft. to a stone bound; thence N-7-49-10-W a distance of 103.26 ft. to a stone bound; thence by a curve to the right with a radius of 386.09 ft. a distance of 263.93 ft. to a stone bound; thence N-31-20-50-E a distance of 169.34 ft. to a stone bound; thence by a curve to the right with a radius of 706.21 ft. a distance of 284.11 ft. to a stone bound; thence N-54-23-50-E a distance of 332.91 ft. to a stone bound which is on the easterly line of North Street as laid out by the Norfolk County Commissioners by return dated November 17, 1970.

The easterly line begins at a stone bound which is on the easterly line of North Street as laid out by the Norfolk County Commissioners by return dated November 17, 1970 said bound being N-86-11-10-E a distance of 40.00 ft. from the first bound on the westerly line as above described; thence N-3-48-50-W a distance of 51.40 ft. to a stone bound; thence N-5-39-50-W a distance of 605.83 ft. to a stone bound; thence N-16-07-50-W a distance of 321.27 ft. to a stone bound; thence N-7-56-40-W a distance of 94.78 ft. to a stone bound; thence N-7-49-10-W a distance of 146.67 ft. to a stone bound; thence by a curve to the right with a radius of 346.09 ft. a distance of 236.58 ft. to a stone bound; thence N-31-20-50-E a distance of 169.34 ft. to a stone bound; thence by a curve to the right with a radius of 666.21 ft. a distance of 268.02 ft. to a stone bound; thence N-54-23-50-E a distance of 342.99 ft. to a stone bound which is on the easterly line of North Street as laid out by the Norfolk

County Commissioners by return dated November 17, 1970, said bound being S-49-44-50-E a distance of 41.25 ft. from the last bound on the westerly line as above described.

The easterly line heretofore described, in general, is 40.00 ft. easterly from and parallel to the westerly line.

And the said Commissioners do hereby take for the purposes of a highway all the easements and rights incident to a public highway in the lands included within the lines of location hereinbefore described as shown upon a plan entitled "Plan showing the Layout of a Way in Medfield between Stations 78 and 108 of the 1970 County Relocation of North Street, as made by the Norfolk County Commissioners by Return dated September 21, 1971, Scale: 1 inch = 40 feet. Charles C. Cain County Engineer" and signed by "James J. Collins, Chairman" which plan is filed herewith and made a part of this Return, in accordance with the provisions of Chapter 79 of the General Laws, and all acts and amendments thereof and in addition thereto.

And permanent stone bounds will be erected at the termini and angles of the way laid out as aforesaid.

And it is determined by the Commissioners that all the expense of making the layout of way prescribed in this Return and Order, including the expense of constructing said way, and all land and other damages and expenses incident thereto be paid by the Inhabitants of the Town of MEDFIELD.

And the Commissioners have heard the proprietors of lands and property, rights and interest, taken or affected by these proceedings, and have considered and estimated the damages sustained in the premises, having had regard to all the damages done to the parties respectively, whether by taking their property or injuring it in any manner, and have allowed, by way of set off, the benefits, if any, to the propetty of said parties in the premises, and do estimate and determine the damages to be paid to said parties respectively, in the sums hereafter named, in accordance with the requirements of General Laws, Chapter 79, possession becoming effective upon the recording of this Return and Order of Taking in the Norfolk Registry of Deeds.

Commonwealth of Massachusetts

Norfolk, ss.
To the Honorable the County Commissioners of the County of Norfolk:

Respectfully represent your petitioners, Inhabitants of the Town of FOXBOROUGH in said County, that common convenience and necessity require that the way known as WEST STREET, a public way in said town, be relocated throughout its entire length for the purpose of establishing the boundary lines of said way, making alterations in the course of width of said way, and for reconstructing and/or repairing on said way.

Wherefore your petitioners pray that said way may be relocated within the limits above specified.

Dated May 2, 1968

Town Planning Board	Board of Selectmen
Thomas E. Murphy	James F. Hennessey

This petition was presented to the Commissioners and duly entered at a meeting of said Commissioners, held at Dedham, on the twenty-first day of April, 1970; a notice of said meeting having been posted as required by law; and the twelfth day of May, 1970 and two thirty o'clock in the afternoon at the Court House in Dedham were appointed by said Commissioners as the time and place for commencing and proceeding to view the premises; and they thereupon caused a copy of said petition and of order of notice thereon to be served upon the Clerk of the Town of FOXBOROUGH being the town within which such relocation of way was prayed for, fifteen

days at least before the time appointed for said view, and also caused copies of an abstract of said petition and of said order of notice to be posted in two public places in said town: and to be published in the FOXBOROUGH REPORTED, a newspaper published in said County, said posting and publication having been seven days at least before the time appointed for said view, that all persons and corporations interested for or against said petition, might then and there appear and be heard if they saw fit.

And on the said twelfth day of May, 1970, the Commissioness, James J. Collins, Thomas K. McManus, and George B. McDonald, met at the time and place specified in said Order, when and where the petitioners appeared and the Town of FOXBOROUGH was represented by its Selectmen; and the said Commissioners then viewed the route and premised, and heard all persons and corporations interested, and thence the second day of June, 1970 and 2:30 o'clock in the afternoon at the said Court House in said Dedham were appointed by said Commissioners as the time and place to further view the route and premises.

And thence the same was continued and adjourned to a meeting of the Commissioners held at Dedham on the ninth day of June, 1970, by adjournment of their April meeting next preceding, at which time the said Commissioners did adjudge that common convenience and necessity require that said way be relocated as prayed for in said petition.

And thence the same was continued and adjourned from time to time to a meeting of the Commissioners held at Dedham on the fourth day of May, 1971, by adjournment of their April meeting next preceding, a notice of said meeting having been posted as required by law: when and where upon the adjudication aforesaid, the said Commissioners appointed the twenty-fifth day of May, 1971 and two-thirty o'clock in the afternoon ast said Court House in said Dedham as the time and place when they would proceed to and take such action in relation to said adjudication as by law they might be authorized to do.

And having given notice of such adjudication and of the time and place appointed, and for the purpose aforesaid in the same manner as the notice and publication were given and made before first proceeding to view, the publication being in the

Patriot Ledger, the said Commissioners met at the time and place appointed and then and there heard all persons and corporations interested and said hearing was continued and adjourned from time to time to this meeting.

And now the said Commissioners, by courses and distances, metes and bounds, do relocate said WEST STREET as prayed for in said petition.

This petition was presented to the Commissioners and duly entered at a meeting of said Commissioners, held at Dedham, on the twenty-first day of March , 1972 by adjournment of their December meeting next preceding; a notice of said meeting having been posted as required by law; and the eleventh day of April, 1972 and two o'clock in the afternoon at the Court House in said Dedham were appointed by said Commissioners as the time and place for commending and proceeding to view the premises; and they thereupon caused a copy of said petition and of order of notice thereon to be served upon the Clerk of the Town of Norwood, being the town within which such relocation of way was prayed for, fifteen days at least before the time appointed for said view, and also caused copies of an abstract of said petition and of said order of notice to be posted in two public places in said town: and to be published in the NORWOOD MESSENGER, a newspaper pub-

lished in said County, said posting and publication having been seven days at least before the time and place appointed for said view, that all persons and corporations interested, for or against said petition, might then and there appear and be heard if they saw fit.

And on the said eleventh day of April, 1972 the Commissioners, James J. Collins and George B. McDonald, met at the time and place specified in said order (Thomas K. McManus being disqualified by reason of residence) when and where the petitioners appeared and the Town of NORWOOD was represented by its Selectmen; and the said Commissioners then viewed the route and premises, and heard all persons and corporations interested; and no party interested objected; and, thereupon, the said Commissioners did adjudge that common convenience and necessity require that said way be relocated as prayed for in said petition.

And thence the same was continued and adjourned from time to time to this meeting.

And now the Commissioners, James J. Collins and George B. McDonald, by courses and distances, metes and bounds do relocate said EVERETT STREET as prayed for in said petition.

And the lines of said relocation of EVERETT STREET are as follows:

The northeasterly line of EVERETT STREET begins at a stone bound which is on the northerly line of EVERETT STREET as laid out by the Norfolk County Commissioners by Return dated January 18, 1966, said bound being 302.36 ft. southerly of a stone bound on said northerly line of EVERETT STREET: thence S-30-42-59-E 126.39 ft. to a stone bound; thence to the left by a 40.00 ft. radius curve 89.37 ft. to a stone bound which is on the westerly line of the Blue Star Memorial Highway as laid out by the Massachusetts Department of Public Works on November 8, 1955, said bound being northerly 11.78 ft. kon a curve with a radius of 4055.00 ft. from a stone bound at the intersection of said Blue Star Memorial Highway and said Everett Street.

And the said Commissioners do hereby take for the purposes of a highway all the fee and rights incident to a public

highway in the lands included between the above described line, the northerly line as laid out on January 18, 1966 and the said State Highway Layout of November 8, 1955, and the grade thereof is established, all as shown upon a plan entitled "Plan and Profile showing the relocation and widening of Everett Street, Norwood, between the Blue Star Memorial Highway and a point about 400 feet northerly, as made by the Norfolk County Commissioners by return dated May 2, 1972. Horizontal Scale: 1 inch = 40 feet. Vertical Scale: 1 inch = 8 feet. Alvah L. Downs, County Engineer" and signed by "James J. Collins, Chairman" which plan is filed herewith and made a part of this Return in accordance with the provisions of Chapter 79 of the General Laws and all acts and amendments thereof and in addition thereto.

And the said Commissioners do likewise take temporary easements, in addition to the easements taken in 1966, in lands adjoining the location of said way as hereby established, consisting of the right to have the lands of said location protected by having the surface of the adjoining land slope from the lines of said location as indicated on said plan. Said temporary easements to be in effect only until said way is constructed to the full width of the layout as above described and a certificate to that effect has abeen duly filed by the County Commissioners with their official records.

And permanent stone bounds will be erected at the termini and angles of said way relocated aforesaid.

And it is determined by the Commissioners that the Inhabitants of the Town of NORWOOD do, within two years from the date of this Return and Order, complete said way in a thorough and workmanlike manner and to the acceptance of the County Commissioners.

The travelled part of said way shall be constructed not less than thirty-six (36) feet in width.

Suitable sidewalks, gutters, culverts, retaining walls, fences and railing shall be constructed, wherever, in the opinion of the County Commissioners, they are needed, provided, however, no trees more than one and one half inches in diameter one foot above the ground shall be removed in the course of work done under this papagraph until the County Commissioners have been given

notice of the intention to remove such trees and their assent thereto in writing has been given to the Inhabitants of the Town of NORWOOD.

And it is determined by the Commissioners that all the expense of making the relocation of way prescribed in this Return and Order, including the expense of constructing said way, and all land and other damages and expenses incident thereto be paid by the Inhabitants of the Town of NORWOOD.

And the Commissioners have heard the proprietors of lands and property, rights and interest, taken or affected by these proceedings, and have considered and estimated the damages sustained in the premises, having had regard to all the damages done to the parties, respectively, whether by taking their property or injuring it in any manner, and having allowed by way of set off, the benefits, if any, to the property of said parties in the premises, and do estimate and determine the damages to be paid to said parties respectively, in the sums hereafter named,, in accordance with the requirements of General Laws, Chapter 79, possession becoming effective upon the recording of this Return and Order of Taking in the Norfolk Registry of Deeds.

At a meeting of the County Commissioners for the County of Norfolk, held at Dedham, within and for said County, on the twenty third day of May, 1972, by adjournment of their Aprpil meeting next preceding: a notice of said meeting having been posted as required by law:

The petition of OSCAR L. MAYER, JR. and others of Wrentham, in said County, represents as follows:

Commonwealth of Massachusetts

Norfolk, ss.

To the Honorable the County Commissioners of the County of Norfolk:

Respectfully represent your petitioners, inhabitants of the town of WRENTHAM in said County, that common convenience and necessity require that the way known as MADISON STREET, a public way in said town, be relocated betweeen Station 70 and East Street (as laid out by the Norfolk County Commissioners by Return dated December 7, 1948) for the purpose of re-establishing the grade and acquiring slope easements.

Wherefore your petitioners pray that said way may be relocated within the limits above specified.

Dated November 4, 1970.

published in said County, said posting and publication having been seven days at least before the time and place appointed for said view, that all persons and corporations interested for or against said petition, might then and there appear and be heard if they saw fit.

And on the said eleventh day of May, 1971 the Commissioners, James J. Collins, Thomas K. McManus and George B. McDonald, met at the time and place specified in said order; when and where the petitioners appeared and the Town of WRENTHAM was represented by its selectmen; and the said Commissioners then viewed the route and premises and heard all persons and corporations interested; and thereupon the said Commissioners did adjudge that common convenience and necessity require that the said way be relocated as prayed for in said petition.

And thence the same was continued and adjourned from time to time to a meeting of the Commissioners held at Dedham on the twnety-eighth day of March, 1972 by adjournment of their December meeting next preceding; a notice of said meeting having been posted as required by law; when and where upon the adjudication aforesaid, the said Commissioners appointed the twenty-fifth day of April, 1972 and two-thirty o'clock in the afternoon at the Court House in Dedham as the time and place when they would proceed to and take such action in relation to said adjudication as by law they might be authorized to do.

And having given notice of such adjudication and of the time and place appointed, and for the purposes aforesaid in the same manner as the notice and publication were given and made before first proceeding to view, the Commissioners met at the time and place appointed and then and there heard all persons and corporations interested, and no party interested objected, and said hearing was continued and adjourned from time to time to this meeting.

And now the said Commissioners do re-establish the grade and limits of slope as prayed for in said petition. The limits of slope, as in general, are established on a basis of four feet horizontally to one foot vertically where the variation of grade is less than three feet and two feet horizontally to one foot vertically where the variation of grade is over three feet.

And the said Commissioners do hereby take for highway purposes temporary easements, in addition to the easements taken in 1948, in lands adjoining the location of said way as laid out by the Norfolk County Commissioners by return dated December 7, 1948 consisting of the right to have the lands of said location protected by having the surface of the adjoining land slope from the lines of said location, all as shown upon a plan entitled "Plan and Profile showing the Relocation of Madison Street, Wrentham, between Station 70 and East Street, as made by the Norfolk County Commissioners by Return dated May 23, 1972. Horizontal Scale: 1 inch = 40 feet. Vertical Scale: in inch = 8 feet. Alvah L. Downs, County Engineer" and signed by "James J. Collins, Chairman" which plan is filed herewith and made a part of this Return in accordance with the provisions of Chapter 79 of the General Laws and all acts and amendments thereof and in addition thereto.

All of said easements are to be in effect only until said way is constructed to the full width of the layout and a certificate to that effect has been duly filed by the County Commissioners with their official records.

And the said Commissioners do likewise further take for the protection of said way all the easements and rights in Parcels 17 and 18 as indicated on said plan, being more fully described as folows:

Beginning at a point on the easterly line of Madison Street as laid out by the Norfolk County Commissioners by return dated December 7, 1948; said point being 67 ft. northerly of a stone bound at the northerly end of a curve with a radius of 1060.00 ft. on said easterly line; thence N-56-01-40-E, 20.00 ft. to a point; thence N-33-58-20-W, 40.00 ft. to a point; thence S-56-01-40-W, 20.00 ft. to a point on said easterly line of Madison Street; thence by said easterly line of Madison Street S-33-58-20-E, 40.00 ft. to the point of beginning.

And it is determined by the Commissioners, that the Inhabitants of the Town of WRENTHAM do, within two years from the date of this Return and Order, complete said way in a thorough and workmanlike manner and to the acceptance of the County Commissioners.

And it is determined by the Commissioners that all the expense of making the relocation of way as prescribed in this Return and Order, including the expenses of constructing said way, and all land and other damages and expenses incident thereto be paid by the Inhabitants of the Town of WRENTHAM.

And the said Commissioners have heard the proprietors of lands and property, rights and interests, taken or affected by these proceedings, and have considered and estimated the damages done to the parties respectively whether by taking their property or injuring it in any manner, and having allowed by way of set off the benefits, if any, to the property of said parties in the premises, and do estimate and determine the damages to be paid to said parties respectively in the sums hereafter named, in accordance with the requirements of the General Laws, Chapter 79, possession becoming effective upon the recording of this Return and Order of Taking in the Norfolk County Registry of Deeds.

The petition of Benedict Horowitz and others of Needham, in said County, represents as follows:

COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss.

To the Honorable the County Commissioners of the County of Norfolk:

Respectfully represent your petitioners, inhabitants of the town of Needham in said County, that common convenience and necessity require that the way known as Central Avenue, a public way in said town, be relocated between a point about 100 ft. Southerly of Bess Road and Hunnewell Street for the purpose of establishing the grade and acquiring slope easements.

Wherefore your petitioners pray that said way may be relocated within the limits above specified.

Dated 27, Sept. 1971

John C. Hatch) Selectmen
Henry D. Hersey)
Richadd M. Salamone)

Frederick M. Slaney Inspector Fire Dept.
Daniel C. Henderson Chief of Police
John D. Marr Town Engr.
Robert A. MacEwen Supt. of P.W.

This petition was presented to the Commissioners and duly entered at a meeting of said Commissioners, held at Dedham, aforesaid, on the twenty-fifth day of April, 1972, by adjournment of their April meeting next preceding; a notice of said meeting having been posted as required by law: and the twenty-third day of May, 1972, and two-thirty o'clock in the afternoon at the Court House in said Dedham were appointed by the Commissioners as the time and place for commencing and proceeding to view the premises and they thereupon caused a copy of said petition and of order of notice thereon to be served upon the Clerk of the Town of Needham, being the town within which such relocation of way was prayed for, fifteen days at least before the time appointed for said view; and also caused copies of an abstract of said petition and order of notice to be posted in two public places in said town; and to be published in the Needham Chronicle, a newspaper published in said County, said posting and publication having been seven days at least before the time and place appointed for said view; that all persons and corporation interested, for or against said petition, might then and there appear and be heard if they saw fit.

And on the said twenty-third day of May, 1972, the Commissioners, James J. Collins, Thomas K. Mc Manus and George B. McDonald met at the time and place specified in said order, when and where the petitioners appeared and the Town of Needham was represented by its Selectmen; and the said Commissioners then viewed the route and premises and heard all persons and corporations interested; and thereupon the said Commissioners did adjudge that common convenience and necessity require that the said way be relocated as prayed for in said petition.

And thence the same was continued and adjourned to a meeting of the Commissioners held at Dedham on the sixth day of June, 1972, by adjournment of their April meeting next preceding, a notice of said meeting having been posted as required by law: when and where upon the adjudication aforesaid, the said Commissioners appointed the eleventh day of July, 1972 and two-thirty o'clock in the afternoon at the Court House in Dedham as

the time and place when they would proceed to and take such action in relation to said adjudication as by law they might be authorized to do.

And having given notice of such adjudication and of the time and place appointed, and for the purpose aforesaid in the same manner as the notice and publication were given and made before first proceeding to view, the Commissioners met at the time and place appointed and then and there heard all persons and corporations interested and said hearing was continued to this meeting.

And now the said Commissioners do establish the grade and limits of slope. The limits of slope, in general, are established on a basis of four feet horizontally to one foot vertically where the variation of grade is less than three feet and two feet horizontally to one foot vertically where the variation of grade is over three feet.

And the said Commissioners do hereby take for highway purposes temporary easements in lands adjoining the location of said way, as laid out by the Norfolk County Commissioners by Returns dated January 24, 1922 and September 15, 1925, consisting of the right to have the lands of said location protected by having the surface of the adjoining land slope from the lines of said location, allas shown upon a plan entitled "Plan and Profile showing the Relocation of Central Avenue, Needham between a Point about 100 feet Southerly of Bess Road and Hunnewell Street, as made by the Norfolk County Commissioners by return dated August 8, 1972. Horizontal Scale: 1 inch = 40 feet. Vertical Scale: 1 inch=8 feet. Alvah L. Downs, County Engineer" and signed by "James J. Collins, Chairman" which plan is filed herewith and made a part of this Return in accordance with the provisions of Chapter 79 of the General Laws and all acts and amendments thereof and in addition thereto.

All of said easements are to be in effect only until said way is constructed to the full width of the layout and a certificate to that effect has been duly filed by the County Commissioners with their official records.

And it is determined by the Commissioners, that the Inhabitants of the Town of Needham do, within two years from the date of this Return and Order, complete said way in a thorough and workmanlike manner and to the acceptance of the County Commissioners.

And it is determined by the Commissioners that all the expense of making the relocation of way as prescribed in this Return and Order, including the expenses of constructing said way, and all land and other damages and expenses incident thereto be paid by the Inhabitants of the Town of Needham.

And the said Commissioners have heard the proprietors of lands and property, rights and interests, taken or affected by these proceedings, and have considered and estimated the damages done to the parties respectively whether by taking their property or injuring it in any manner, and having allowed by way of set off the benefits, if any, to the property of said parties in the premises, and do estimate and determine the damages to be paid to said parties respectively in the sums hereafter named in accordance with the requirements of the General Laws, Chapter 79, possession becoming effective upon the recording of this Return and Order of Taking in the Norfolk County Registry of Deeds.

This petition was presented to the Commissioners and duly entered at a meeting of said Commissioners, held at Dedham, on the twenty-second day of February, 1972 by adjournment of their December meeting next preceding; a notice of said meeting having been posted as required by law; and the fourteenth day of March, 1972 and two thirty o'clock in the afternoon at the District Court of Southern Norfolk in Stoughton were appointed by said Commissioners as the time and place for commencing and proceeding to view the premises; and they thereupon caused a copy of said petition and of order of notice thereon to be served upon the Clerk

And having given notice of such adjudication and of the time and place appointed, and for the purpose aforesaid in the same manner as the notice and publication were given and made before first proceeding to view, the said Commissioners met at the time and place appointed and then and there heard all persons and corporations interested and said hearing was continued and adjourned from time to time to this meeting.

This petition was presented to the Commissioners and duly entered at a meeting of said Commissioners, held at Dedham, on the third day of April, 1973 by adjournment of their December meeting next preceding; a notice of said meeting having been posted as required by law; and the eighth day of May, 1973 and two-thirty o'clock in the afternoon at the Court House in said Dedham were appointed by said Commissioners as the time and place for commencing and proceeding to view the premises; and they thereupon caused a copy of said petition and of order of notice thereon to be served upon the Clerk of the Town of Norwood, being the town within which such relocation of way was prayed for, fifteen days at least before the time appointed for said view, and also caused copies of an abstract of said petition and of said order of notice to be posted in two public places in said town: and to be published in the NORWOOD MESSENGER, and a newspaper published in said County, said posting and publication having been seven days at least before the time and place appointed for said view, that all persons and corporations interested, for or against said petition, might then and there appear and be heard if they saw fit.

And on the said eighth day of May, 1973 the Commissioners, James J. Collins and George B. McDonald, met at the time and place specified in said Order (Thomas K. McManus being disqualified by the reason of residence) when and where the petitioners appeared and the Town of NORWOOD was represented by its Selectmen; and the said Commissioners then viewed the route and premises, and heard all persons and corporations interested; and no party interested objected; and, thereupon, the said Commissioners did adjudge that common convenience and necessity require that said way be relocated as prayed for in said petition.

And now the Commissioners, James J. Collins and George B. McDonald, by courses and distances, metes and bounds do relocate said EVERETT STREET as prayed for in said petition.

And the lines of said relocation of EVERETT STREET are as follows:

The southerly line of EVERETT STREET begins at a stone bound which is on the southerly line of EVERETT STREET as laid out by the Norfolk County Commissioners by REturn dated January 18, 1966, said bound being 15.84 ft. easterly of a stone bound on said southerly line of EVERETT STREET; thence S-12-18-50-W, 20.0 ft. to a stone

bound; thence S-77-41-10-E, 60.0 ft. to a stone bound; thence N-12-18-50-E, 20.0 ft. to a stone bound which is on said southerly line of said 1966 layout of Everett Street.

And the said Commissioners do hereby take for the purposes of a highway all the fee and rights incident to a public highway in the lands included between the above described line and the southerly line as laid out on January 18, 1966, all as shown upon a plan entitled "Plan showing the Widening of Everett Street, Norwood, between Station 46+32 and Station 46+92, as made by the Norfolk County Commissioners by return dated May 8, 1973. Scale: 1 inch = 40 feet. Alvah L. Downs, County Engineer." and signed by "James J. Collins, Chairman" which plan is filed herewith and made a part of this Return in accordance with the provisions of Chapter 79 of the General Laws and all acts and amendments thereof and in addition thereto.

And the said Commissioners do likewise take for the protection of said way, all the easements and rights in Parcel 2 as indicated on said plan, being more fully described as follows: Beginning at a stone bound on the southerly line of said Everett Street as above described; thence southerly 50.00 ft. to a point; thence easterly 60.00 ft. to a point; thence northerly 50.00 ft. to a stone bound on the southerly line of said Everett Street as above described; thence by said southerly line of Everett Street N-77-41-10-W, 60.00 ft. to the stone bound at the point of beginning.

And permenent stone bounds will be erected at the termini and angles of said way relocated aforesaid.

And it is determined by the Commissioners that the Inhabitants of the Town of NORWOOD do, within two years from the date of this Return and Order, complete said way in a thorough and workmanlike manner and to the acceptance of the County Commissioners.

The travelled part of said way shall be constructed not less than thirty-six (36) feet in width.

Suitable sidewalks, gutters, culverts, retaining walls,fences and railing shall be constructed, wherever, in the opinion of the County Commissioners, they are needed, provided, however, no trees more than one and one hald inches in diameter one foot above the ground shall be removed in the course of work done under this paragraph until the County Commissioners have been given notice of the intention to remove such trees and their assent thereto in writing has been

given to the Inhabitants of the Town of NORWOOD.

And it is determined by the Commissioners that all the expense of making the relocation of way prescribed in this Return and Order, including the expense of constructing said way, and all land and other damages and expenses incident thereto be paid by the Inhabitants of the Town of NORWOOD.

And the Commissioners have heard the proprietors of lands and property, rights and interest, taken or affected by these proceedings, and have considered and estimated the damages sustained in the premises, having had regard to all the damages done to the parties respectively, whether by taking their property or injuring it in any manner, and having allowed by way of set off, the benefits, if any, to the property of said parties in the premises, and do estimate and determine the damages to be paid to said parties respectively, in the sums hereafter named, in accordance with the requirements of General Laws, Chapter 79, 09ssession becoming effective upon the recording of this Return and Order of Taking in the Norfolk Registry of Deeds.

And having heard the proprietors of lands and property, right and interests, taken or affected by these proceedings, the Commissioners direct that all said proprietors shall have the right to take off their timber, wood and trees and to remove their buildings, structures, hedges, walls and fences from the lands so taken, at any time within one month from the date of possession.

This petition was presented to the Commissioners and duly entered at a meeting of said Commissioners, held at Dedham, on the thirtieth day of January, 1973 by adjournment of their December meeting next preceding; a notice of said meeting having been posted as required by law; and the twenty-seventh day of February, 1973 and eleven-thirty o'clock in the forenoon at the Court House in said Dedham were appointed by said Commissioners as the time and place for commencing and proceeding to view the premisis; and they

thereupon caused a copy of said petition and of order of notice thereon to be served upon the Clerk of the Town of Westwood, being the town within which such relocation of way was prayed for, fifteen days at least before the time appointed for said view, and also caused copies of an abstract of said petition and of said order of notice to be posted in two public places in said town: and to be published in the WESTWOOD PRESS, a newspaper published in said County, said posting and publication having been seven days at least before the time and place appointed for said view, that all persons and corporations interested, for or against said petition, might then and there appear and be heard if they saw fit.

And on the said twenty-seventh day of February, 1973 the Commissioners, James J. Collins, Thomas K. McManus, and George B. McDonald, met at the time and place specified in said Order, when and where the petitioners appeared and the Town of WESTWOOD was represented by its Selectmen; and the said Commissioners then viewed the route and premises, and heard all persons and corporations interested; and, thereupon, the said Commissioners did adjudge that common convenience and necessity require that said way be relocated as prayed for in said petition.

And thence the same was continued and adjourned from time to time to a meeting of the Commissioners held at Dedham on the third day of April 1973, by adjournment of their December meeting next preceding, a notice of said meeting having been posted as required by law: when and where upon the adjudication aforesaid, the Commissioners appointed the eighth day of May and two forty-five o'clock in the afternoon at the Court House in Dedham as the time and place when they would proceed to and take such action in relation to said adjudication as by law they might be authorized to do.

And having given notice of such adjudication and of the time and place appointed, and for the purpose aforesaid in the same manner as the notice and publication were given and made before first proceeding to view, the said Commissioners met at the time and place appointed and then and there heard all persons and corporations interested and said hearing was continued and adjourned from time to time to this meeting.

And now the Commissioners, James J. Collins, Thomas K. McManus, and George B. McDonald, by courses and distances, metes and bounds

do relocate said EAST STREET as prayed for in said petition.

And the lines of said relocation of EAST STREET are as follows:

The northerly line of East Street begins at a Stone Bound which is on the southeasterly line of Washington Street as laid out by the Massachusetts Department of Public Works on September 14, 1899, said bound being southerly 458.47 ft. from a Massachusetts Highway bound on said southeasterly line of Washington Street; thence southeasterly and easterly by a 30.00 ft. radius curve, 53.84 ft. to a stone bound which is on the northerly line of East Street, said bound being westerly 30.54 ft. from the westerly end of a 223.80 ft. radius curve on said northerly line of East Street.

This petition was presented to the Commissioners and duly entered at a meeting of said Commissioners, held at Dedham, on the eighth day of May, 1973 by adjournment of their April meeting next preceding; a notice of said meeting having been posted as required by law; and the fifth day of June, 1973 and two-thirty o'clock in the afternoon at the Court House in Dedham were appointed by said Commissioners as the time and place for commencing and proceeding to view the premises; and they thereupon caused a copy of said petition and of order of notice thereon to be served upon the Clerk of the Town of FOXBOROUGH, being the town within which such layout and relocation of way was prayed for, fifteen days at least before the time appointed for said view, and also caused copies of an abstract of said petition and of said order of notice to be posted in two public places in said town: and to be published in the PATRIOT LEDGER, a newspaper published in said County, said posting and publication having been seven days at least before the time appointed for said view, that all persons and corporations interested for or against said petition might then and there appear and be heard if they saw fit.

And on the said fifth day of June, 1973 the Commissioners, James J. Collins, Thomas K. McManus, and George B. McDonald, met at the time and place specified in said Order, when and where the petitioners appeared and the Town of FOXBOROUGH was represented by its Selectmen; and the said Commissioners then viewed the route and premises, and heard all persons and corporations interested; and no patty interested objected; and thereupon the said Commissioners did adjudge that public convenience and necessity require that the said way be laid out as prayed for in said petition.

And now the said Commissioners, James J. Collins, Thomas K. McManus and George B. McDonald, by courses and distances, metes and bounds, do lay out and relocate said way as prayed for in said petition.

And the lines of said layout and relocation of said way are as follows:

The northeasterly line begins at a stone bound which is on

the northeasterly line of West Street as laid out by the Norfolk County Commissioners by return dated November 23, 1971; thence northeasterly and easterly by a 340.00 ft. radius curve 332.06 ft. to a stone bound; thence S-64-30-20-E, 227.69 ft. to a stone bound; thence to the right by a 340.00 ft. radius curve 148.22 ft. to a stone bound; thence to the left by a 40.00 ft. radius curve 56.57 ft. to a stone bound which is on the northerly side of Mill Street; thence S-38-49-40-E, 40.42 ft. to a stone bound which is on the southerly side of Mill Street; thence southwesterly and southeasterly by a 40.00 ft. radius curve 63.54 ft. to a stone bound; thence S-31-34-55-E, 378.90 ft. to a stone bound; thence S-34-10-00-E, 330.32 ft. to a stone bound.

The southwesterly line begins at a stone bound which is on the northeasterly line of West Street as laid out by the Norfolk County Commissioners by return dated November 23, 1971; said bound being S-30-27-48-E, 40.00 ft. from the first bound on the northeasterly line as above described; thence northeasterly and easterly by a 300.00 ft. radius curve 292.99 ft. to a stone bound; thence S-64-30-20-E, 227.69 ft. to a stone bound; thence to the right by a 300.00 ft. radius curve 172.39 ft. to a stone bound; thence S-31-34-55-E, 447.34 ft. to a stone bound; thence S-34-10-00-E, 211.07 ft. to a stone bound which is on the northeasterly line of West Street as laid out by the Norfolk County Commissioners by return dated November 23, 1971; thence by said northeasterly line of West Street S-34-10-00-E, 120.15 ft. to a stone bound, said bound being S-55-50-00-W, 40.00 ft. from the last bound on the northeasterly line as above described.

The southwesterly line heretofore described, in general, is 40.00 ft. southwesterly from and parallel to the northeasterly line.

And the said Commissioners do hereby take for purposes of a hgihway all the fee and rights incident to a public highway in the lands included within the lines of location herein before described and the grade thereof is established, all as shown upon a plan entitled "Plan and Profile showing the Layout and Relocation of a Way in Foxborough between opposite Station 30 and opposite Station 44 of the 1971 County Relocation of West Street, as made by the Norfolk County Commissioners by Return dated June 26, 1973. Horizontal Scale: 1 inch = 40 Feet. Vertical Scale: 1 inch = 8 feet. Alvah L. Downs, County Engineer" was signed by"James J. Collins, Chairman" which plan is filed herewith and made a part of this Return, in accordance with the provisions of

Chapter 79 of the General Laws, and all acts and amendments thereof and in addition thereto.

And the said Commissioners do likewise take temporary easements in lands adjoining the location of said way as hereby established, consisting of the right to have the lands of said location protected by having the surface of the adjoining land slope from the lines of said locaiton as indicated on said plan. Said temporary easements to be in effect only until said way is constructed to the full width of the layout as above described and a certificate to that effect has been duly filed by the County Commissioners with their official records.

And permanent stone bounds will be erected at the termini and angles of the way laid out and relocated aforesaid.

And it is determined by the Commissioners that all portions of the existing highway lying outside the lines herein established are hereby discontinued.

And it is determined by the Commissioners that the Inhabitants of the Town ofFoxborough do within five years from the date of this Return and Order ~~of taking~~ complete said way in a thorough and workmanlike manner and to the acceptance of the County Commissioners.

The travelled part of said way shall be constructed not less than twenty-six (26) feet in width.

Suitable sidewalks, gutters, culverts, retaining walls, fences and railing shall be constructed, wherever, in the opinion of the County Commissioners, they are needed, provided, however, no trees more than one and one half inches in diameter one foot above the ground shall be removed in the course of work done under this paragraph until the County Commissioners have been given notice of the intention to remove such trees and their assent thereto in writing has been given to the Inhabitants of the Town of Foxborough.

And it is determined by the Commissioners that all the expense of making the layout and relocation of way prescribed in this Return and Order, including the expense of constructing said way, and all land and other damages and expenses incident thereto be paid by the Inhabitants of the Town of FOXBOROUGH.

And the Commissioners have heard the proprietors of lands and property, rights and interest, taken or affected by these proceedings, and have considered and estimated the damages sustained in the premises, having had regard to all the damages done to the parties

respectively, whether by taking their property or injuring it in any manner, and have allowed, by way of set off, the benefits, if any, to the property of said parties in the premises, and do estimate and determine the damages to be paid to said parties respectively, in the sums hereafter named, in accordance with the requirements of General Laws, Chapter 79, possession becoming effective upon the recording of this Return and Order of Taking in the Norfolk Registry of Deeds.

This petition was presented to the Commissioners and duly entered at a meeting of said Commissioners, held at Dedham, aforesaid on the third day of April, 1973 by adjournment of their December meeting next preceding; a notice of said meeting having been posted as required by law; and the twenty-second day of May, 1973, and two-thirty o'clock in the afternoon at the Court House in said Dedham were appointed by the Commissioners as the time and place for commending and proceding to view the premises and they thereupon caused a copy of said petition and of order of notice thereon to be served upon the Clerk of the Town of BRAINTREE, being the town within which such relocation was prayed for, fifteen days at least before the time appointed for said view; and also caused copies of an abstract of said petition and of said order of notice to be posted in two public places in said town; and to be published in the PATRIOT LEDGER, a newspaper published in said County,

said posting and publication having been seven days at least before the time and place appointed for said view, that all persons and corporations interested for or against said petition, might then and there appear and be heard if they saw fit.

And on the said twenty-second day of May, 1973, the Commissioners James J. Collins, Thomas K. McManus, and George B. McDonald, met at the time and place specified in said order, when and where the petitioners appeared and the Town of BRAINTREE was represented by its Selectment and the said Commissioners then viewed the route and premises and heard all persons and corporations interested; and thereupon the Commissioners did adjudge that common convenience and necessity require that said way be relocated as prayed for in said petition.

And thence the same was continued and adjourned from time to time to a meeting of the Commissioners held at Dedham, on the twelfth day of June, 1973 by adjournment of their April meeting next preceding, a notice of said meeting having been posted as required by law: when and where upon the adjudication aforesaid, the Commissioners appointed the twenty-fourth day of July, 1973 and two-thirty o'clock in the afternoon at the Court House in Dedham as the time and place when they would proceed to and take such action in relation to said adjudication as by law they might be authorized to do.
