This petition was presented to the Commissioners and duly entered at a meeting of said Commissioners, held at Dedham, aforesaid, on the tenth day of September, 1974, by adjournment of their June meeting next preceding; a notice of said meeting having been posted as required by law; and the twenty-ninth day of

October, 1974 and two-thirty o'clock in the afternoon at the Court House in said Dedham were appointed by the Commissioners as the time and place for commencing and proceeding to view the premises and they thereupon caused a copy of said petition and of order of notice thereon to be served upon the Clerk of the Town of Plainville, being the town within which such relocation of way was prayed for; fifteen days at least before the time appointed for said view: and also caused copies of an abstract of said petition and order of notice to be posted in two public places in said town: and to be published in the FRANKLIN SENTINEL, a newspaper published in said County, said posting and publication having been seven days at least before the time and place appointed for said view, that all persons and corporations interested for or against said petition, might then and there appear and be heard if they saw fit.

And on the said twenty-ninth day of October, 1974 the Commissioners, James J. Collins, Thomas K. McManus and George B. McDonald, met at the time and place specified in said order; when and where the petitioners appeared and the Town of PLAINVILLE was represented by its Selectmen; and the said Commissioners then viewed the route and premises and heard all persons and corporations interested; and no party interested objected; and thereupon the said Commissioners did adjudge that common convenience and necessity require that the said way be relocated as prayed for in said petition.

And thence the same was continued and adjourned from time to time to this meeting.

And now the said Commissioners do re-establish the grade as prayed for in said petition and shown upon a plan entitled "Plan and Profile showing the Relocation of George Street, Plainville, between East Bacon Street and Messinger Street, as made by the Norfolk County Commissioners by Return dated January 21, 1975. Horizontal Scale: 1 inch = 40 feet. Vertical Scale: 1 inch = 8 feet. Alvah L. Downs, County Engineer" and signed by "James J. Collins, Chairman" which plan is filed herewith and made a part of this Return in accordance with the provisions of Chapter 79 of the General Laws and all acts and amendments thereof and in addition thereto.

And it is determined by the Commissioners, that the Inhabitants of the Town Of PLAINVILLE do, within two years from the date of this Return and Order, complete said way in a thorough and

18

workmanlike manner and to the acceptance of the County Commissioners.

And it is determined by the Commissioners that all the expense of making the relocation of way as prescribed in this Return and Order, including the expenses of constructing and maintaining said way, and all land and other damages and expenses incident thereto be paid by the Inhabitants of the Town of PLAINVILLE.

And the said Commissioners have heard the proprietors of lands and property, rights and interests, taken or affected by these proceedings, and have considered and estimated the damages done to the parties respectively, whether by taking their property or injuring it in any manner, and having allowed by way of set off the benefits, if any, to the property of said parties in the premises.

And thence the same was continued and adjourned from time to time to this meeting.

And now the said Commissioners do establish the grade and limits of slope as prayed for in said petition. The limits of slope, in general, are established on a basis of four feet horizontally to one foot vertically where the variation of grade is less than three feet and two feet horizontally to one foot vertically where the variation of grade is over three feet.

And the said Commissioners do hereby take for highway purposes temporary easements, in lands adjoining the location of said way as laid out by the Norfolk County Commissioners by return dated October 20, 1931 consisting of the right to have the lands of said location protected by having the surface of the adjoining land slope from the lines of said location, all as shown upon a plan entitled "Plan and Profile showing the Relocation of East Bacon Street, Plainville between George Street and Messinger Street, as made by the Norfolk County Commissioners by Return dated February 4, 1975. Horizontal Scale: 1 inch = 40 feet. Vertical Scale: 1 inch = 8 feet. Alvah L. Downs, County Engineer" and signed by "James J. Collins, Chairman" which plan is filed herewith and made a part of this Return in accordance with the provisions of Chapter 79 of the General Laws and all acts and amendments thereof and in addition thereto.

All of said easements are to be in effect only until said way is constructed to the full width of the layout and a certificate to that effect has been duly filed by the County Commissioners with their official records.

And it is determined by the Commissioners, that the Inhabitants of the Town of PLAINVILLE do, within two years from the date of this Return and Order, complete said way in a thorough and workmanlike manner and to the acceptance of the County Commissioners.

And it is determined by the Commissioners that all the expense of making the relocation of way as prescribed in this Return and Order, including the expenses of constructing and maintaining said way, and all land and other damages and expenses incident thereto be paid by the Inhabitants of the Town of PLAINVILLE.

And the said Commissioners have heard the proprietors of lands and property, rights and interests, taken or affected by these proceedings, and have considered and estimated the damages done to the parties respectively whether by taking their property or injuring it in any manner, and having allowed by way of set off the benefits, if any, to the property of said parties in the premises, and do estimate and determine the damages to be paid to said parties respectively in the sums hereafter named, in accordance with the requirements of the General Laws, Chapter 79, possession becoming effective upon the recording of this Return and Order of Taking in the Norfolk County Registry of Deeds.

This petition was presented to the Commissioners and duly entered at a meeting of said Commissioners, held at Dedham, aforesaid, on the tenth day of September, 1974, by adjournment of their June meeting next preceding; a notice of said meeting having been posted as required by law; and the twenty-ninth day of October, 1974 and two-thirty o'clock in the afternoon at the Court House in said Dedham were appointed by the Commissioners as the time and place for commencing and proceeding to view the premises and they thereupon caused a copy of said petition and of order of notice thereon to be served upon the Clerk of the Town of Plainville, being the town within which such relocation of way was prayed for, fifteen days at least before the time appointed for said view: and also caused copies of an abstract of said petition and order of notice to be posted in two public places in said town: and to be published in the FRANKLIN SENTINES, a newspaper published in said County; said posting and publication having been seven days at

at least before the time and place appointed for said view, that all persons and corporations interested for or against said petition, might then and there appear and be heard if they saw fit.

And on the said twenty-ninth day of October, 1974 the Commissioners, James J. Collins, Thomas K. McManus and George B. McDonald, met at the time and place specified in said order; when and where the petitioners appeared and the Town of PLAINVILLE was represented by its Selectmen; and the said Commissioners then viewed the route and premises and heard all persons and corporations interested; and no party interested objected; and thereupon the said Commissioners did adjudge that common convenience and necessity require that the said way be relocated as prayed for in said petition.

And thence the same was continued and adjourned from time to time to this meeting.

And now the said Commissioners do establish the grade and limits of slope as prayed for in said petition. The limits of slope, in general, are established on a basis of four feet horizontally to one foot vertically where the variation of grade is less than three feet and two feet horizontally to one foot vertically where the variation of grade is over three feet.

And the said Commissioners do hereby take for highway purposes temporary easements in lands adjoining the location of said way as laid out by the Norfolk County Commissioners by return dated June 2, 1931 consisting of the right to have the lands of said location protected by having the surface of the adjoining land slope from the lines of said location, all as shown upon a plan entitled "Plan and Profile showing the Relocation of Messinger Street, Plainville, between The North Attleboro Town Line and East Bacon Street, as made by the Norfolk County Commissioners by Return dated February 4, 1975. Horizontal Scale: 1 inch = 40 feet. Vertical Scale: 1 inch = 8 feet. Alvah L. Downs, County Engineer" and signed by "James J. Collins, Chairman" which plan is filed herewith and made a part of this Return in accordance with the provisions of Chapter 79 of the General Laws and all acts and amendments thereof and in addition thereto.

All of said easements are to be in effect only until said way is constructed to the full width of the layout and a certificate to that effect has been duly filed by the County Commissioners with their official records.

And the said Commissioners do likewise further take for the purpose of properly draining said way, easements and rights in Parcel 1A as indicated on said plan, being more fully described as follows:

Beginning at a point on the westerly line of Messinger Street as laid out by the Norfolk County Commissioners by return dated June 2, 1931, said point being opposite Station 93+42; thence N-49-21-25-W, 10.97 ft. to a point; thence N-16-24-55-E, 113.50 ft. to a point; thence to the right by a 2060.00 ft. radius curve 354.78 ft. to a point; thence to the right by a 410.00 ft. radius curve 34.74 ft. to a point; thence S-52-08-29-E, 10.07 ft. to a point on said westerly line of Messinger Street; said point being opposite Station 88+50; thence southwesterly by said westerly line of Messinger Street by a 400.00 ft. radius curve 32.71 ft. to a point; thence southwesterly and southerly by a 2050.00 ft. radius curve 353.06 ft. to a point; thence S-16-24-55-W, 118.00 ft. to the point of beginning.

And it is determined by the Commissioners, that the Inhabitants of the Town of PLAINVILLE do, within two years from the date of this Return and Order, complete said way in a thorough and workmanlike manner and to the acceptance of the County Commissioners.

And it is determined by the Commissioners that all the expense of making the relocation of way as prescribed in this Return and Order, including the expenses of constructing and maintaining said way, and all land and other damages and expenses incident thereto be paid by the Inhabitants of the Town of PLAINVILLE.

And the Commissioners have heard the proprietors of lands and property, rights and interests, taken or affected by these proceedings, and have considered and estimated the damages done to the parties respectively whether by taking their property or injuring it in any manner, and having allowed by way of set off the benefits, if any, to the property of said parties in the premises, and do estimate and determine the damages to be paid

to said parties respectively in the sums hereafter named, in accordance with the requirements of the General Laws, Chapter 79, possession becoming effective upon the recording of this Return and Order of Taking in the Norfolk County Registry of Deeds.

This petition was presented to the Commissioners and duly entered at a meeting of said Commissioners, held at Dedham,

on the tenth day of September, 1974, by adjournment of their June meeting next preceding; a notice of said meeting having been posted as required by law: and the twenty-second day of October, 1974, and two-thirty o'clock in the afternoon at the Court House in said Dedham were appointed by said Commissioners as the time and place for commencing and proceeding to view the premises; and they thereupon caused a copy of said petition and of order of notice thereon to be served upon the Clerk of the Town of Braintree, being the town within which such relocation of way was prayed for, fifteen days at least before the time appointed for said view, and also caused copies of an abstract of said petition and of said order of notice to be posted in two public places in said town; and to be published in the PATRIOT LEDGER, a newspaper published in said County, said posting and publication having been seven days at least before the time and place appointed for said view, that all persons and corporations interested, for or against said petition, might then and there appear and be heard if they saw fit.

And on the said twenty-second day of October, 1974 the Commissioners, James J. Collins, George B. McDonald and Henry D. Hersey (acting in place of Thomas K. McManus) met at the time and place specified in said Order when and where the petitioners appeared and the Town of BRAINTREE was represented by its Select-men and its Town Engineer, John Fehan; and the said Commissioners then viewed the route and premises, and heard all persons and corporations interested; and thereupon the said Commissioners did adjudge that common convenience and necessity require that said way be relocated as prayed for in said petition.

And thence the same was continued and adjourned to a meeting of the Commissioners held at Dedham, on the twenty-ninth day of October, 1974, by adjournment of their September meeting next preceding; a notice of said meeting having been posted as required by law; a notice of said meeting having been posted as required by law: when and where upon the adjudication aforesaid, the Commissioners appointed the nineteenth day of November, 1974 and two-thirty o'clock in the afternoon at the Court House in said Dedham as the time and place when they would proceed to and take such action in relation to said adjudication as by law they might be authorized to do.

The petition of CARL R. JOHNSON, JR. and others of Braintree, in said County of Norfolk, represents as follows:

Commonwealth of Massachusetts

Norfolk, ss.

To the Honorable the County Commissioners of the County of Norfolk:

Respectfully represent your petitioners, inhabitants of the Town of BRAINTREE in said County, that common convenience and necessity require that the way known as POND STREET, a public way in said town, be relocated between about Station 44 and about Station 48 of the May 25, 1971 County Commissioners' Layout of said street, as authorized by Chapter 359 of the Acts of 1973.

Wherefore your petitioners pray that said way may be relocated within the limits above specified.

This petition was presented to the Commissioners and duly entered at a meeting of said Commissioners, held at Dedham, on the tenth day of September, 1974, by adjournment of their June meeting next preceding; a notice of said meeting having been posted as required by law: and the twenty-second day of October, 1974, and two-thirty o'clock in the afternoon at the Court House in said Dedham was appointed by said Commissioners as the time and place for commencing and proceeding to view the premises; and they thereupon caused a copy of said petition and order of notice thereon to be served upon the Clerk of the Town of Braintree being the town

within which such relocation of way was prayed for, fifteen days at least before the time appointed for said view; and also caused copies of an abstract of said petition and of said order of notice to be posted in two public places in said town; and to be published in the Patriot Ledger, a newspaper published in said County, said posting and publication having been seven days at least before the time appointed for said view, that all persons and corporations interested for or against said petition, might then and there appear and be heard if they saw fit.

And on the said twenty-second day of October, 1974, the Commissioners, James J. Collins, George B. McDonald, and Henry D. Hersey, (acting in place of Thomas K. McManus) met at the time and place specified in said order; when and where the petitioners appeared and the Town of Braintree was represented by its Selectmen and Town Engineer, John F. Fehan; and the said Commissioners then viewed the route and premises, and heard all persons and corporations interested; and no party interested objected; and thereupon the said Commissioners did adjudge that common convenience and necessity require that said way be relocated as prayed for in said petition.

And thence the same was continued and adjourned from time to time to this meeting.

And now the said Commissioners, by courses and distances, metes and bounds, do relocate said POND STREET as prayed for in said petition.

And the lines of relocation of said POND STREET are as follows:-

Beginning at a point on the present southerly line of Pond Street as laid out by the Norfolk County Commissioners by return dated May 25, 1971, said point being 308.94 ft. easterly of the westerly end of a 700.00 ft. radius curve; thence continuing easterly by the same curve 17.57 ft. to a stone bound; thence S-67-55-40-E, 228.89 ft. to a stone bound; thence to the left by a 860.00 ft. radius curve 136.11 ft. to a point on the present southerly line of Pond Street, as laid out by the Norfolk County Commissioners by return dated May 25, 1971, said point being 91.00 ft. westerly of the easterly end of a 860.00 ft. radius curve.

And the said Commissioners do hereby take for the pur-

poses of a highway all the fee and rights incident to a public highway in the lands included between the above-described line and the southerly line as laid out by the Norfolk County Commissioners by return dated May 25, 1971, all as shown upon a plan entitled "Plan showing the Relocation and Widening of a portion of Pond Street, Braintree, authorized by Chapter 359-Acts of 1973, as made by the Norfolk County Commissioners by Return dated April 15, 1975. Scale: 1 inch = 20 feet. Alvah L. Downs, County Engineer" and signed by "James J. Collins, Chairman" which plan is filed herewith and made a part of this Return in accordance with the provisions of Chapter 79 of the General Laws, and all acts and amendments thereof and in addition thereto, and as further authorized by Chapter 359 of the Acts of 1973 entitled: An act authorizing the Town of Braintree to use a portion of the Pond Street cemetery and South Parish Cemetery to widen Pond Street.

And permanent stone bounds will be erected at the termini and angles of said way relocated as aforesaid.

And it is determined by the Commissioners that the Inhabitants of the Town of BRAINTREE, do within five years from the date of this Return and Order complete said way in a thorough and workmanlike manner and to the acceptance of the County Commissioners.

Suitable sidewalks, gutters, culverts, retaining walls, fences and railings shall be constructed, wherever, in the opinion of the County Commissioners, they are needed, provided, however, no trees more than one and one half inches in diameter one foot above the ground shall be removed in the course of work to be done under this paragraph until the County Commissioners have been given notice of the intention to remove such trees and their assent thereto in writing has been given to the Inhabitants of the Town of BRAINTREE.

And it is determined by the Commissioners that all the expense of making the relocation of way prescribed in this Return and Order, including the expense of constructing and maintaining said way, and all land and other damages and expenses incident thereto be paid by the Inhabitants of the Town of BRAINTREE.

And the Commissioners have heard the proprietors of lands and property, rights and interests, taken or affected by

April
1975

these proceedings, and have considered and estimated the damages sustained in the premises, having had regard to all the damages done to the parties respectively, whether by taking their property or injuring it in any manner, and having allowed by way of setoff the benefits, if any, to the property of said parties in the premises and do estimate and determine the damages to be paid to said parties respectively in the sums hereafter named in accordance with the requirements of General Laws, Chapter 79, possession becoming effective upon the recording of this Return and Order of Taking in the Norfolk County Registry of Deeds.

Pcl. No.	Owner	Sq.Ft. Taken	Tax Allowance	Award
1	Town of Braintree (Cemetery)	4347	-	None
2	South Parish in Braintree (Cemetery)	1912	-	None

And having heard the proprietors of lands and property, rights and interests, taken or affected by these proceedings, the Commissioners direct that all said proprietors shall have the right to take off their timber, wood and trees and to remove their buildings, structures, hedges, walls and fences from the lands so taken, at any time within six months from the date of possession for the purpose of constructing said way.

This petition was presented to the Commissioners and duly entered at a meeting of said Commissioners, held at Dedham, on the eighth day of May, 1973 by adjournment of their April meeting next preceding; a notice of said meeting having been posted as required by law; and the nineteenth day of June, 1973 and two-thirty o'clock in the afternoon at the Franklin Sr. High School in said Franklin were appointed by said Commissioners as the time and place for commencing and proceeding to view the premises; and they thereupon caused a copy of said petition and of order of notice thereon to be served upon the Clerk of the Town of Franklin, being the town within which such relocation of way was prayed for, fifteen days at least before the time appointed for said view, and also caused copies of an abstract of said petition and of said order of notice to be posted in two public places in said town: and to be published in the FRANKLIN SENTINEL, a newspaper published in said County, said posting and publication having been seven days at least before the time appointed for said view; that all persons and corporations interested for or against said petition, might then and there appear and be heard if they saw fit.

And on the said nineteenth day of June, 1973 the Commissioners, James J. Collins, Thomas K. McManus, and George B. McDonald met at the time and place specified in said Order, when and where the petitioners appeared and the Town of FRANKLIN was represented by its Selectmen; and the said Commissioners then viewed the route and premises, and heard all persons and corporations interested, and thereupon the said Commissioners did adjudge that common convenience and necessity require that saidway be relocated as

prayed for in said petition.

And thence the same was continued and adjourned from time to time to a meeting of the Commissioners held at Dedham on the twenty-eighth day of August, 1973, a notice of said meeting having been posted as required by law: when and where upon the adjudication aforesaid, the Commissioners appointed the eleventh day of December, 1973 and two-thirty o'clock in the afternoon at the Court House in Dedham as the time and place when they would proceed to and take such action in relation to said adjudication as by law they might be authorized to do.

And having given notice of such adjudication and of the time and place appointed, and for the purpose aforesaid in the same manner as the notice and publication were given and made before first proceeding to view, the said Commissioners met at the time and place appointed and then and there heard all persons and corporations interested and said hearing was continued and adjourned from time to time to this meeting.

And now the said Commissioners, by courses and distances, metes and bounds, do relocate said OAK STREET as prayed for in said petition.

And the lines of said relocation of said OAK STREET are as follows:

The northeasterly line begins at a stone bound which is on the easterly line of Pond Street as laid out by the Norfolk County Commissioners by return dated May 1, 1962; said bound being at the southerly end of a 360.00 ft. radius curve; thence southeasterly and easterly by a 146.49 ft. radius curve 42.59 ft. to a stone bound; thence to the left by a 2000.00 ft. radius curve 296.87 ft. to a stone bound; thence S-49-19-50-E, 100.06 ft. to a stone bound; thence to the left by a 25.00 ft. radius curve 38.02 ft. to a stone bound which is on the northerly line of Brookfield Road; thence S-54° - 18' - 07"-E, 40.49 ft. to a stone bound which is on the Scutherly line of Brookfield Road; thence southwesterly and scutherly by a 25.00 ft. radius curve 41.54 ft. to a stone bound; thence S-49° -19' - 50"-E, 15.20 ft. to a stone bound; thence to the left by a 1195.00 ft. radius curve 390.37 ft. to a stone bound; thence continuing on the same course 412.55 ft. to a stone bound; thence

And the said Commissioners do hereby take for the purposes of a highway all the fee and rights incident to a public highway in the lands included within the lines of location hereinbefore described and the grade thereof is established, all as shown upon a plan entitled "Plan and Profile showing the Relocation and Widening of Oak Street, Franklin, between Pond Street and Pleasant Street, as made by the Norfolk County Commissioners by Return dated June 3, 1975. Horizontal Scale: 1 inch = 40 feet. Vertical Scale: 1 inch = 8 feet. Alvah L. Downs, County Engineer" and signed by "James J. Collins, Chairman" which plan is filed herewith and made a part of this Return in accordance with the provisions of Chapter 79 of the General Laws, and all acts and amendments thereof and in addition thereto.

And the said Commissioners do likewise take temporary easements in lands adjoining the location of said way as hereby established, consisting of the right to construct slopes, walls, retaining walls, walks, steps, drives, fences, curbing and railing between the lines of said location and the limit of easement as shown on said plan. Said temporary easements to be in effect only until said way is constructed to the full width of the layout as above described and a certificate to that effect has been duly filed by the County Commissioners with their official records.

And permanent stone bounds will be erected at the termini and angles of said way relocated aforesaid.

And it is determined by the Commissioners that all portions of the existing highway lying outside the lines herein established are hereby discontinued and that the portion of the existing highway laying within the area designated as parcel 96 on the plan hereinbefore described is herewith discontinued but only to its use of travel for highway purposes. And the Commissioners do herewith retain, take and lay out an easement for the benefit of and on behalf of the town of Franklin, for the purposes of constructing, maintaining and repairing of any and all present or future municipal utilities, including sewer, water, drains,

electricity, telephone and all other types of utilities.

And it is determined by the Commissioners that the Inhabitants of the Town of FRANKLIN do, within five years from the date of this Return and Order, complete said way in a thorough and workmanlike manner and to the acceptance of the County Commissioners.

The travelled part of said way shall be constructed not less than thirty-six (36) feet in width.

Suitable sidewalks, gutters, culverts, slopes, walls, retaining walls, walks, steps, drives, fences, curbing and railing shall be constructed, wherever, in the opinion of the County Commissioners, they are needed, provided, however, no trees more than one and one half inches in diameter one foot above the ground shall be removed in the course of work done under this paragraph until the County Commissioners have been given notice of the intention to remove such trees and their assent thereto in writing has been given to the Inhabitants of the Town of FRANKLIN.

And it is determined by the Commissioners that all the expense of making the relocation of way prescribed in this Return and Order, including the expense of constructing and maintaining said way, and all land and other damages and expenses incident thereto be paid by the Inhabitants of the Town of FRANKLIN.

And the Commissioners have heard the proprietors of lands and property, rights and interest, taken or affected by these proceedings, and have considered and estimated the damages sustained in the premises, having had regard to all the damages done to the parties respectively, whether by taking their property or injuring it in any manner, and having allowed by way of set off, the benefits, if any, to the property of said parties in the premises, and do estimate and determine the damages to be paid to said parties respectively, in the sums hereafter named, in accordance with the requirements of General Laws, Chapter 79, possession becoming effective upon the recording of this Return and Order of Taking in the Norfolk Registry of Deeds.

The petition of DONALD J. LAING AND OTHERS OF BRAINTREE in said County represents as follows:

COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss.

To the Honorable the County Commissioners of the County of Norfolk:

Respectfully represent your petitioners, Inhabitants of the Town of BRAINTREE, in said County, that common convenience and necessity require that the way known as NORTH STREET, a public way in said town, be relocated between Granite Street and Yankee Division Highway (Route 128) for the purpose of establishing the boundary lines of said way, making alterations in the course or width of said way and making repairs on said way.

Wherefore, your petitioners pray that said way may be relocated within the limits above specified.

Dated March 6, 1974

This petition was presented to the Commissioners and duly entered at a meeting of said Commissioners, held at Dedham, on the twenty-sixth day of March 1974, by adjournment of their December meeting next preceding; a notice of said meeting having been posted as required by law; and the twenty-third day of April, 1074 and ten-thirty o'clock in the morning at the Court House in said Dedham were appointed by said Commissioners as the time and place for commencing and proceading to view the premises; and they thereupon caused a copy of said petition and of order of notice thereon to be served upon the Clerk of the Town of Braintree, being the town within which such relocation of way was prayed for, fifteen days at least before the time appointed for said view, and also caused copies of an abstract of said petition and of said order of notice to be posted in two public places in said Town: and to be published in the Patriot Ledger, a newspaper published in said County, said posting and publication having been seven days at least before the time and place appointed for said view, that all persons and corporations interested, for or against said petition, might then and there appear and be heard if they saw fit.

And on the said twenty-third day of April, 1974, the Commissioners, James J. Collins, Thomas K. McManus, and George B. McDonald, met at the time and place specified in said Order, when and where the petitioners appeared and the Town of BRAINTREE was represented by John F. Fehan, Executive Secretary to the Board of Selectmen; and the said Commissioners then viewed the route and premises, and heard all persons and corporations interested; and, thereupon, the said Commissioners did adjudge that common convenience and necessity require that said way be relocated as prayed for in said petition.

And thence the same was continued and adjourned from time to time to a meeting of the Commissioners held at Dedham on the tenth day of September, 1974, by adjournment of their June meeting next preceding, a notice of said meeting having been posted as required by law; when and where upon the adjudication aforesaid, the Commissioners, James J. Collins, Thomas K. McManus, and George B. McDonald, appointed the fifteenth day of October, 1974 and two-thirty o'clock in the afternoon at the Court House in Dedham as the time and place when they would proceed to and take such action in relation to

said adjudication as by law they might be authorized to do.

And having given notice of such adjudication and of the time and place appointed, and for the purpose aforesaid in the same manner as the notice and publication were given and made before first proceeding to view, the said Commissioners met at the time and place appointed and then and there heard all persons and corporations interested and said hearing was continued and adjourned from time to time to this meeting.

And now the Commissioners, James J. Collins, Thomas K. McManus and George B. McDonald, by courses and distances, metes and bounds, do relocate said NORTH STREET as prayed for in said petition.

And the lines of said relocation of said NORTH STREET are as follows:

The northerly line of NORTH STREET begins at a stone bound which is on the easterly line of Granite Street as laid out by the Massachusetts Department of Public Works on May 14, 1957, said bound being 33.91 ft. northerly of a Massachusetts highway bound on said easterly line of Granite Street; thence N-73-40-23-E, 122.49 ft. to a stone bound; thence N-1-23-28-W, 15.09 ft. to a stone bound; thence N-6-39-26-E, 37.93 ft. to a stone bound; thence S-83-20-34-E, 205.50 ft. to a drill hole in a stone wall.

The southerly line begins at a stone bound which is on said easterly line of Granite Street as laid out by the Massachusetts Department of Public Works on May 14, 1957, said bound being S-3-50-42-W, 33.91 ft. and S-26-25-22-E, 23-53 ft. respectively by said easterly line of Granite Street from the first bound on the northerly line as above described; thence N-73-40-23-E, 291.86 ft. to a stone bound; thence S-83-20-34-E, 27.56 ft. to a stone bound, said bound being S-8-17-22-W, 40.02 ft. from the drill hole in a stone wall on the northerly line as above described.

And the said Commissioners do hereby take for the purposes of a highway all the fee and rights incident to a public highway in the lands included within the lines of location hereinbefore described, and the grade thereof is established, all as shown upon a plan entitled "Plan and Profile showing the relocation and widening of North Street, Braintree, between Granite Street and Yankee Division Highway, as made by the Norfolk County Commissioners by return dated September 9, 1975. Horizontal Scale: 1 inch = 40ft.

Vertical Scale: 1 inch = 8 ft. Alvah L. Downs, County Engineer"
and signed by James J. Collins, Chairman" which plan is filed herewith and made a part of this Return in accordance with the provisions of Chapter 79 of the General Laws and all acts and amendments thereof and in addition thereto.

And permanent stone bounds will be erected at the termini and angles of said way relocated aforesaid.

And it is determined by the Commissioners that all portions of the existing highway, between Granite Street and Yankee Division Highway, lying outside the lines herein established are hereby discontinued and that the portion of the existing highway laying within the area designated as parcel 6 on the plan hereinbefore described is herewith discontinued. but only to its use of travel for highway purposes. And the Commissioners do herewith retain, take and lay out easements, in said parcel 6, for the benefit of, and on behalf of, the Town of Braintree, for the purposes of constructing, maintaining, and repairing of any and all present or future municipal utilities, including sewer, water, drains, and all other types of utilities, and said premises shall be restored to a condition comparable to its former condition subsequent to any such construction or repair.

And it is determined by the Commissioners that the Inhabitants of the Town of Braintree do, within five years from the date of this Return and Order, complete said way in a thorough and workmanlike manner and to the acceptance of the County Commissioners.

The travelled part of said way shall be constructed not less than twenty-four (24) feet in width.

Suitable sidewalks, gutters, culverts, retaining walls, fences and railing shall be constructed, wherever, in the opinion of the County Commissioners, they are needed, provided, however, no trees more than one and one half inches in diameter one foot above the ground shall be removed in the course of work done under this paragraph until the County Commissioners have been given notice of the intention to remove such trees and their assent thereto in writing has been given to the Inhabitants of the Town of BRAINTREE.

And it is determined by the Commissioners that all the expense of making the relocation of way prescribed in this Return and Order, including the expense of constructing said way, and all land and other damages and expenses incident thereto be paid by the Inhabitants

of the town of BRAINTREE.

And it is determined by the Commissioners that all the expense of making the relocation of way prescribed in this Return and Order, including the expense of constructing said way, and all land and other damages and expenses incident thereto be paid by the Inhabitants of the Town of BRAINTREE.

And the Commissioners have heard the proprietors of lands and property, rights and interest, taken or affected by these proceedings, and have considered and estimated the damages sustained in the premises, having had regard to all the damages done to the parties respectively, whether by taking their property or injuring it in any manner, and having allowed by way of set off, the benefits, if any, to the property of said parties in the premises, and do estimate and determine the damages to be paid to said parties respectively, in the sums hereafter named, in accordance with the requirements of General Laws, Chapter 79, possession becoming effective upon the recording of this Return and Order of Taking in the Norfolk Registry of Deeds.

And having heard the proprietors of lands and property, right and interests, taken or affected by these proceedings, the Commissioners direct that all said proprietors shall have the right to take off their timber, wood and trees and to remove their buildings, structures, hedges, walls and fences from the lands so taken, at any time within six months from the date of possession.

This petition was presented to the Commissioners and duly entered at a me
entered at a meeting of said Commissioners, held at Dedham, on the thirteenth day of May 1975, by adjournment of their April meeting next preceding: a notice of said meeting having been posted as required by law; and the third day of June, 1975 and two-thirty o'clock in the afternoon at the Franklin Sr. High School in said Franklin were appointed by said Commissioners as the time and place for commencing and proceeding to view the premises; and they thereupon caused a copy of said petition and of order of notice thereon to be served upon the Clerk of the Town of FRANKLIN, being the town within which such relocation of way was prayed for, fifteen days at least before the time appointed for said view, and also caused copies of an abstract of said petition and of said order of notice to be posted in two public places in said town: and to be published in THE SENTINEL, a newspaper published in said County, said posting and publication having been

seven days at least before the time and place appointed for said view, that all persons and corporations interested, for or against said petition, might then and there appear and be heard if they saw fit.

And on the said third day of June, 1975 the Commissioners, James J. Collins, Thomas K. McManus, and George B. McDonald, met at the time and place specified in said Order, when and where the petitioners appeared and the Town of FRANKLIN was represented by its Selectmen; and the said Commissioners then viewed the route and premises, and heard all persons and corporations interested; and no party interested objected; and, thereupon, the said Commissioners did adjudge that common convenience and necessity require that said way be relocated as prayed for in said petition.

And thence the same was continued and adjourned from time to time to this meeting.

And now the said Commissioners do hereby take for Highway purposes temporary easements in lands adjoining the location of said BEAVER STREET as previously established, consisting of the right to construct slopes, walls, retaining walls, walks, steps, drives, fences, curbing and railing between the lines of location of said way and the limit of easement, all as shown upon a plan entitled "Plan showing Easement Takings on Beaver Street, Franklin between a point about 200 feet Westerly of Union Street and Union Street as made by the Norfolk County Commissioners by Return dated September 16, 1975. Collins, Chairman" which plan is filed herewith and made a part of this Return in accordance with the provisions of Chapter 79 of the General Laws and all acts and amendments thereof and in addition thereto.

All of said easements are to be in effect only until said way is constructed to the full width of the layout and a certificate to that effect has been duly filed by the County Commissioners with their official records.

And it is determined by the Commissioners that the Inhabitants of the Town of FRANKLIN do, within five years from the date of this Return and Order, complete said way in a thorough and workmanlike manner and to the acceptance of the County Commissioners.

The travelled part of said way shall be constructed not less than thirty (30) feet in width.

Suitable sidewalks, gutters, culverts, slopes, walls, retaining walls, walks, steps, drives, fences, curbing and railing shall be constructed, wherever, in the opinion of the County Commissioners, they are needed, provided, however, no trees more than one and one half inches in diameter one foot above the ground shall be removed in the course of work done under this paragraph until the County Commissioners have been given notice of the intention to remove such trees and their assent thereto in writing has been given to the Inhabitants of the Town of FRANKLIN.

And it is determined by the Commissioners that all the expense of taking the temporary easements prescribed in this Return and Order, including the expense of constructing and maintaining said way, and all land and other damages and expenses incident thereto be paid by the Inhabitants of the Town of FRANKLIN.

And the Commissioners have heard the proprietors of lands and property, rights and interest, taken or affected by these proceedings, and have considered and estimated the damages sustained in the premises, having had regard to all the damages done to the parties respectively, whether by taking their property or injuring it in any manner, and having allowed by way of set off, the benefits, if any, to the property of said parties in the premises, and do estimate and determine the damages to be paid to said parties respectively, in the sums hereafter named, in accordance with the requirements of General Laws, Chapter 79, possession becoming effective upon the recording of this Return and Order of Taking in the Norfolk Registry of Deeds.

At a meeting of the County Commissioners for the County of Norfolk, held at Dedham, within and for said County, on the eighteenth day of November 1975, by adjournment of their September meeting next preceding: a notice of said meeting having been posted as required by law:

The petition of LOUIS A. TRUAX and others of FOXBOROUGH in said County represents as follows:

Commonwealth of Massachusetts

Norfolk, ss.
To the Honorable the County Commissioners of the County of Norfolk:

Respectfully represent your petitioners, Inhabitants of the Town of FOXBOROUGH in said County, that common convenience and necessity require that the way known as OAK STREET, a public way in said town, be relocated between Station 6 and Station 42 for the purpose of acquiring temporary construction easements and/or drain easements.

Wherefore your petitioners pray that said way may be relocated within the limits above specified.

Dated July 24, 1975

Louis A. Truax
Edward C. Fox
Carole A. Burns
Kevin J. O'Sullivan
Robert W. Conkey
Stephen Hickox
Donald E. A. Montgomery, M.D.

****

This petition was presented to the Commissioners and duly entered at a meeting of said Commissioners, held at Dedham, on the ninth day of September 1975, by adjournment of their June meeting next preceding; a notice of said meeting having been posted as required by law; and the seventh day of October 1975 and two-thirty o'clock in the afternoon at the Court House in said Dedham were appointed by said Commissioners as the time and place for commencing and proceeding to view the premises; and they thereupon caused a copy of said petition and of order of notice thereon to be served upon the Clerk of the Town of FOXBOROUGH, being the town within which such relocation of way was prayed for, fifteen days at least before the time appointed for said view, and also caused copies of an abstract of said petition and of said order of notice to be posted in two public places in said town: and to be published in the Patriot Ledger, a newspaper published in said County, said posting and publication having been seven days at least before the time and place appointed for said view, that all persons and corporations interested, for or against said petition, might then and

there appear and be heard if they saw fit.

And on the said seventh day of October, 1975 the Commissioners, James J. Collins, Thomas K. McManus, and George B. McDonald, met at the time and place specified in said Order, when and where the petitioners appeared and the Town of FOXBOROUGH was represented by its Selectmen; and the said Commissioners then viewed the route and premises, and heard all persons and corporations interested; and no party interested objected; and, thereupon, the said Commissioners did adjudge that common convenience and necessity require that said way be relocated as prayed for in said petition.

And thence the same was continued and adjourned from time to time to this meeting.

And now the said Commissioners do hereby take for Highway pruposed temporary easements in lands adjoining the location of said OAK STREET as previously established, consisting of, but not limited hereto, the right to construct slopes, walls, retaining walls, walks, steps, drives, fences, curbing, railing, remove trees and any and all other things that may be reasonably necessary to accomplish the purposes of this order of taking between the lines of location of said way and the limit of easement, all as shown upon a plan entitled "Plan showing Easement Takings on Oak Street, Foxborough between Station 6 and Station 42 as made by the Norfolk County Commissioners by Return dated November 18, 1975. Scale: 1 inch = 40 feet. Alvah L. Downs, County Engineer" and signed by "James J. Collins, Chairman" which plan is filed herewith and made a part of this Return in accordance with the provisions of Chapter 79 of the General Laws and all acts and amendments thereof and in addition thereto.

All of said easements are to be in effect only until said way is constructed to the full width of the layout and a certificate to that effect has been duly filed by the County Commissioners with their official records.

And the said Commissioners do likewise further take for the purpose of properly draining said way all the easements and rights in Parcels 9, 10, 11, 22, and 25 as indicated on said plan, being more fully described as follows:
