COMMONWEALTH OF MASSACHUSETTS

Norfolk, ss. At a meeting of the County Commissioners for the County of Norfolk, held at Dedham, within and for said County, on the nineteenth day of June 1928 by adjournment of their April meeting next preceding; The petition of Harold M. Bullard and others of Bellingham in said County represents as follows: Commonwealth of Massachusetts Norfolk, ss. To the Honorable the County Commissioners of the County of Norfolk: Respectfully represent your petitioners, inhabitants of the town of Bellingham in said County that common convenience and necessity require that the way known as Centre Street, a public way in said town, be relocated between the Blackstone & Bellingham town line and South Main Street for the purpose of establishing the boundary lines of said way, making alterations in the course or width of said way, and making repairs on said way. Wherefore your petitioners pray that said way may be so relocated within the limits above specified. Dated November 4, 1927.

County of Norfolk

- Chester H. Richards
- Wilfrid N. Dufresne

This petition was presented to the Commissioners and duly entered at a meeting of said Commissioners, held at Dedham, aforesaid, on the eighth day of November, 1927 by adjournment of their September meeting next preceding; and the twenty-seventh day of December then next, and 10:30 o'clock in the forenoon, at the Court House in said Dedham, were appointed by the Commissioners as the time and place for commencing and proceeding to view the premises; and they thereupon caused a copy of said petition, and of this order thereon, to be served upon the Clerk of the Town of Bellingham, being the town within which such re-

Plan Book 108, Plan 510 - 1928

location of way was prayed for, thirty days at least before the time appointed for said view; and also caused copies of said petition and order to be posted in two public places in said town; and also gave notice to all persons interested, by causing a like copy to be published three weeks successively in the Franklin Sentinel, a newspaper published in said County, said posting and the last publication of said copy having been fourteen days at least before the time appointed for said view, that all persons and corporations interested for or against said petition, might then and there appear and be heard if they saw fit. And on the said twenty-seventh day of December, the Commissioners, Edward W. Hunt, Evan F. Richardson, and Frederick A. Leavitt, met at the time and place specified in said order, when and where the petitioners appeared, and the town of Bellingham was represented by its selectmen; and the said Commissioners then viewed the route and premises, and heard all persons and corporations interested; and no party interested objected; and thereupon the said Commissioners did adjudge that common convenience and necessity require that said way be relocated as prayed for in said petition. And thence the same was continued and adjourned from time to time to this meeting. And now the said Commissioners, by courses and distances, metes and bounds, do relocate said Centre Street as prayed for in said petition. And the lines of said relocation of said Centre Street are as follows: The westerly line begins at the Massachusetts Highway Bound at the northerly end of the westerly line of said Centre Street as laid out by the Massachusetts Highway Commission on July 3, 1902, said bound is near the northerly line of Westminster Ave. (so-called); thence N 53-14 W 5.00 ft. to a stone bound; thence N 35-30 E 531.5 ft. to a stone bound; thence by a 1210 ft. radius curve to the left 332.62 ft. to a stone bound; thence continuing by a 200 ft. radius curve to the left 133.48 ft. to a stone bound in the approximate westerly line of South Main Street. The easterly line begins at the Massachusetts Highway Bound at the northerly end of the easterly line of said Centre Street as laid out by the Massachusetts Highway Commission on July 3, 1902, said bound bearing S 53-14 E 50.00 ft. from the point of beginning of the westerly line as above described; thence S 53-14 E 5.0 ft. to a stone bound; thence N 35-30 E 532.8 ft. to a stone bound; thence by a 1270 ft. radius curve to the left 146.05 ft. to a stone bound; thence N 28-54-40 E 120.1 ft. to a stone bound; thence by a 54.82 ft. radius curve to the right 84.47 ft. to a stone bound in the easterly line of Centre Street as laid out by the Norfolk County Commissioners on December 28, 1926 and in the approximate southerly line of Wrentham Street, said bound bearing S 26-10-50 E 232.60 ft. from the last bound in the westerly line as above described. Said lines are shown upon a plan entitled "Plan showing the Relocation and Widening of Centre Street, Bellingham, Between Westminster Ave. and South Main St., as made by the Norfolk

County Commissioners by Return dated June 19, 1928. Hartley L. White, County Engineer. Scale 1 inch - 40 feet" and signed "Edward W. Hunt, Chairman", which plan is filed herewith and made a part of this return. And the said commissioners do hereby take for the purposes of a highway, all the easements and rights incident to a public highway in the lands included within the lines of relocation hereinbefore described and as shown on the plan hereinbefore referred to and made a part hereof in so far as such lands may lie outside the limits of said way as heretofore defined. And permanent stone or concrete bounds, not less than three feet long, two feet of which at least shall be inserted in the earth, will be erected at the termini and angles of the way relocated as aforesaid, when practicable; and, when not so, a heap of stones, a living tree, a permanent rock, or the corner of an edifice will be a substitute; or said bounds may be permanent stone or concrete bounds not less than three feet long, with holes drilled therein and filled with lead, placed a few inches below the travelled part of the street or way. And it is determined by the Commissioners that the Inhabitants of the Town of Bellingham do within one year from the date of this return and order complete said way in a thorough and workmanlike manner and to the acceptance of the County Commissioners. Said way shall be constructed to the full width indicated on said plan throughout the entire length of the portion relocated by this return and order. Suitable sidewalks, gutters, culverts, retaining walls, fences and railings shall be constructed wherever needed. And it is determined by the Commissioners that all the expenses of constructing the way prescribed in this return and order, excepting the payment of land damages as hereinafter stated, be paid by the Inhabitants of the Town of Bellingham; and it is also determined by the Commissioners that upon payment by the County of the sums hereinafter awarded as damages, the Inhabitants of the Town of Bellingham shall pay to the County of Norfolk the sum of Two Hundred Ninety-Two Dollars (\$292.00). And the Commissioners have heard the proprietors of lands and property, rights and interests, taken or affected by these proceedings, and have considered and estimated the damages sustained in the premises, having had regard to all the damages done to the parties respectively, whether by taking their property or injuring it in any manner, and having allowed, by way of set off, the benefits, if any, to the property of said parties in the premises, and do estimate and determine the damages to be paid to said parties respectively, in the sums hereafter named; the same to be paid to said parties respectively out of the county treasury when the lands hereby taken and over which said way is hereby located, have been entered upon and possession taken for the purpose of constructing the said way.

Marion A. White	\$90.00
