This petition was presented to the Commissioners and duly entered at a meeting of said Commissioners, held at Dedham, aforesaid, on the fourth day of December 1928, by adjournment of their September meeting next preceding; and the eighth day of January then next and 11:15 o'clock in the forenoon, at the Court House in said Dedham, were appointed by the Commissioners as the time and place for commencing and proceeding to view the premises; and they

thereupon caused a copy of said petition, and of this order thereon, to be served upon the Clerk of the Town of Medway, being the town within which such relocation of way was prayed for, thirty days at least before the time appointed for said view; and also caused copies of said petition and order to be posted in two public places in said town; and also gave notice to all persons interested, by causing a like copy to be published three weeks successively in the West Medway Gazette, a newspaper published at Milford said posting and the last publication of said copy having been fourteen days at least before the time appointed for said view, that all persons and corporations interested for or against said petition, might then and there appear and be heard if they saw fit. And on the said eighth day of January, the Commissioners, Edward W. Hunt, Frederick A. Leavitt, and Russell T. Bates, met at the time and place specified in said order, when and where the petitioners appeared, and the town of Medway was represented by its selectmen; and the said Commissioners then viewed the route and premises, and heard all persons and corporations interested; and said hearing was then continued and adjourned to a meeting of the Commissioners held at Dedham aforesaid on the twenty first day of May 1929, by adjournment of their April meeting next preceding, when and where the said Commissioners proceeded to consider and adjudicate upon the prayer of said petition, and thereupon the said Commissioners did adjudge that common convenience and necessity require that said way be relocated as prayed for in said petition. And upon the adjudication aforesaid, the said Commissioners appointed Tuesday, the ninth day of July and 11:15 o'clock in the forenoon, at the Court House in said Dedham, as the time and place when and where they would proceed to consider said petition and take such action in relation to said adjudication as by law they might be authorized to do. And having given notice of such adjudication, and of the time and place appointed, and for the purpose aforesaid in the same manner as the notice and publication were given and made before first proceeding to view, (except by publishing an abstract of said petition instead of a copy thereof) the said Commissioners met at the time and place appointed and then and there heard all persons and corporations interested. And now the said Commissioners, by courses and distances, metes and bounds, do relocate said Maple Street as prayed for in said petition. And the lines of said relocation of said Maple Street are as follows: The westerly line begins at a stone bound in the easterly line of Winthrop Street as laid out by the Norfolk County Commissioners on even date herewith, said bound bearing S 35-56-20 W 87.85 ft. from the southwest corner of the dwelling house of Dennis and Bridget Lally; thence southeasterly, easterly and northeasterly by a 35 ft. radius curve 76.13 ft. to a stone bound; thence by a 2850 ft. radius curve

to the right 268.81 ft. to a stone bound; thence continuing by the same curve 350.89 ft. to a stone bound; thence N. 28-15-20 E 498.93 ft. to a stone bound; thence by an 850 ft. radius curve to the left 338.99 ft. to a stone bound; thence N. 51-06-20 E 370.93 ft. to a stone bound; thence by the same course 370.93 ft. to a stone bound; thence by a 280 ft. radius curve to the left 280.59 ft. to a stone bound in the approximate westerly line of Lovering Street. The easterly line begins at a stone bound in the easterly line of Winthrop Street as laid out by the Norfolk County Commissioners on even date herewith, said bound bearing S 59-03 E 53 ft. and S 39-34-40 E 66.70 ft. from the point of beginning of the westerly line as above described; thence northeasterly and easterly by a 2800 ft. radius curve 344.73 ft. to a stone bound; thence continuing by the same curve 344.73 ft. to a stone bound; thence N. 28-15-20 E 498.93 ft. to a stone bound; thence by an 800 ft. radius curve to the right 319.05 ft. to a stone bound; thence N 51-06-20 E 370.93 ft. to a stone bound; thence by the same course 382.78 ft. to a stone bound; thence by a 60 ft. radius curve to the right 128.37 ft. to a stone bound in the approximate westerly line of Pond Street; thence N 6-18-40 W 322.24 ft. to the last bound in the westerly line as above described. Said lines are shown upon a plan entitled "Plan showing the Relocation and Widening of Maple St., Medway from Winthrop St. to Lovering St. as made by the Norfolk County Commissioners by Return dated July 9, 1929. Hartley L. White, County Engineer. Scale 1 inch - 40 feet" and marked "Edward W. Hunt, Chairman" which plan is filed herewith and made a part of this return. And the said Commissioners do hereby take for the purposes of a highway all the easements and rights incident to a public highway in the lands included within the lines of relocation hereinbefore described, and as shown on the plan hereinbefore referred to and made a part hereof in so far as such lands may lie outside the limits of said way as heretofore defined. And permanent stone or concrete bounds, not less than three feet long, two feet of which at least shall be inserted in the earth, will be erected at the termini and angles of the way relocated as aforesaid, when practicable; and when not so, a heap of stones, a living tree, a permanent rock, or the corner of an edifice will be a substitute; or said bounds may be permanent stone or concrete bounds not less than three feet long, with holes drilled therein and filled with lead, placed a few inches below the travelled part of the street or way. And it is determined by the Commissioners that the Inhabitants of the Town of Medway do within two years from the date of this return and order complete said way in a thorough and workmanlike manner and to the acceptance of the County Commissioners. Said way shall be constructed to the full width indicated on said plan throughout the entire length of the portion relocated by this re-

turn and order. Suitable sidewalks, gutters, culverts, retaining walls, fences, and railings shall be constructed wherever needed. And it is determined by the Commissioners that all the expenses of making the relocation of said way prescribed in this return and order including the expenses of constructing said way and the removal of all buildings, structures, hedges, walls and fences from the lands taken, and all land and other damages and expenses incident thereto, be paid by the Inhabitants of the Town of Medway. And the Commissioners have heard the proprietors of lands and property, rights and interests, taken or affected by these proceedings, and have considered and estimated the damages sustained in the premises, having had regard to all the damages done to the parties respectively, whether by taking their property or injuring it in any manner, and having allowed, by way of set off, the benefits, if any, to the property of said parties in the premises, and do estimate and determine the damages to be paid to said parties respectively, in the sums hereafter named; the same to be paid to said parties respectively by the Inhabitants of the Town of Medway when the lands hereby taken and over which said way is hereby located, have been entered upon and possession taken, for the purpose of constructing said way.
