The petition of FRANCIS T. CRIMMINS AND OTHERS of STOUGHTON, in said County, represents as follows:-

Commonwealth of Massachusetts

Norfolk, ss.

To the Honorable the County Commissioners of the County of Norfolk:-

Respectfully represent your petitioners, inhabitants of the town of STOUGHTON in said County, that common convenience and necessity require that the way known as CENTRAL STREET, a public way in said town, be relocated between Pleasant Street and the Avon Town Line for the purpose of acquiring easements for slopes necessary in the construction of said way.

Wherefore your petitioners pray that said way may be relocated within the limits above specified.

been posted as required by law: and the fourteenth day of June, 1960 and three o'clock in the afternoon at the Court House in said Dedham were appointed by the Commissioners as the time and place for commencing and proceeding to view the premises and they thereupon caused a copy of said petition and of order of notice thereon, to be served upon the Clerk of the Town of STOUGHTON, being the town within which such relocation of way was prayed for, fifteen days at least before the time appointed for said view: and also caused copies of an abstract of said petition and of order of notice to be posted in two public places in said town: and to be published in the Stoughton News Sentinel a newspaper published in said County, said posting and publication having been seven days at least before the time appointed for said view, that all persons and corporations interested for or against said petition, might then and there appear and be heard if they saw fit.

And on the said fourteenth day of June, 1960, the Commissioners, Russell T. Bates and Clayton W. Nash and Everett M. Bowker met at the time and place specified in said order, when and where the petitioners appeared and the Town of STOUGHTON was represented by its Selectmen; and the said Commissioners then viewed the route and premises and heard all persons and corporations interested; and no party interested objected: and thereupon the said Commissioners did adjudge that common convenience and necessity require that said way be relocated as prayed for in said petition.

And thence the same was continued and adjourned from time to time to this meeting.

And now the said Commissioners do establish the grade and limits of slope on a basis of four feet horizontally to one foot vertically where the variation of grade is less than three feet and two feet horizontally to one foot vertically where the variation of grade is over three feet.

And now the said Commissioners do take for highway purposes all the easements and rights incident to the construction of a public highway, as laid out by the Norfolk County Commissioners by Return dated October 20, 1931, for the protection of said construction and the maintenance of slopes adjoining said construction as prayed for in said petition, all as shown upon a plan entitled: "Plan showing Profile and Slope Easements

for the construction of a portion of Central Street, Stoughton from Pleasant Street to Station 13 + 94²⁶ at end of State Highway

as made by the Norfolk County Commissioners by Return dated July 5, 1960. Horizontal Scale: 1 inch = 40 feet. Vertical Scale: 1 inch = 8 feet. Wallace S. Carson, County Engineer" and signed by "Russell T. Bates, Chairman, which plan is filed herewith and made a part of this Return in accordance with the provisions of Chapter 79 of the General Laws and all acts and amendments thereof and in addition thereto.

And it is determined by the Commissioners, that the Inhabitants of the Town of Stoughton do within two years from the date of this Return and Order complete said way in a thorough and workmanlike manner and to the acceptance of the County Commissioners.

And it is determined by the Commissioners that all the expenses of making the relocation of way as prescribed in this Return and Order including the expenses of constructing said way, and all land and other damages and expenses incident thereto, be paid by the Inhabitants of the Town of STOUGHTON.

And the said Commissioners have heard the proprietors of lands and property, rights and interests, taken or affected by these proceedings, and have considered and estimated the damages done to the parties respectively whether by taking their property or injuring it in anymanner, and having allowed by way of set off, the benefits, if any to the property of said parties in the premises, and do estimate and determine the damages to be paid to said parties respectively, in the sums hereafter named; the same to be paid to said parties respectively by the Inhabitants of the Town of STOUGHTON when the lands hereby taken and over which said way is hereby located, have been entered upon and possession taken, for the purpose of construction of said way.
