three weeks successively in the Braintree Observer, a newspaper published in said County, said posting and the last publication of said copy having been fourteen days at least before the time appointed for said view, that all persons and corporations interested for or against said petition, might then and there appear and be heard if they saw fit. And on the said sixteenth day of February 1926 the Commissioners Evan F. Richardson, Edward W. Hunt and Frederick A. Leavitt met at the time and place specified in said order when and where the petitioners appeared and the town of Braintree was represented by its selectmen; and the said Commissioners then viewed the route and premises, and heard all persons and corporations interested; and no party interested objected; and said hearing was then continued and adjourned to a meeting of the Commissioners held at Dedham aforesaid, on the third day of August by adjournment of their June meeting next preceeding, when and where the said Commissioners proceeded to consider and adjudicate upon the prayer of said petition, and thereupon the said Commissioners did adjudge that common convenience and necessity require that said way be relocated as prayed for in said petition. And thence the same was continued and adjourned from time to time to this meeting. And now the said Commissioners, by courses and distances, metes and bounds, do relocate said Plain Street as prayed for in said petition. And the lines of said relocation of said Plain Street are as follows: The northerly line begins at a stone bound in the easterly side line of location of the New York, New Haven and Hartford Railroad, said bound bearing N.44-41-40 E. 135.5 ft. from the northeast corner of the concrete coping at the northeasterly corner of Cart Bridge in Hancock Street; thence S.73-15 E. 362.25 ft. to a stone bound, thence by a 1000 ft. radius curve to the left 252.35 ft. to a stone bound; thence S.87-42-30 E. 216.40 ft. to a stone bound; thence by a 2060.0 ft. radius curve to the right 165.09 ft. to a stone bound thence S.83-07 E. 774.60 ft. to a stone bound, thence in the same course 10.0 ft. to a point in a twelve inch apple tree. / The southerly line begins at a stone bound in the aforesaid easterly side line of location of said New York, New Haven and Hartford Railroad, said bound being distant 60.06 ft. southerly from the stone bound at the point of beginning of the northerly line as above described; thence S.73-15 E. 365.05 ft. to a stone bound, thence by a 1060.0 ft. radius curve to the left 267.49 ft. to a stone bound; thence S.87-42-30 E. 216.40 ft. to a stone bound; thence by a 2000.0 ft. radius curve to the right 160.28 ft. to a stone bound; thence S.83-07 E. 592.19 ft. to a stone bound; thence in the same course 192.41 ft. across the northerly end of Grove Street to a stone bound, said bound bearing S.6-53 W. 60.0 ft. from the last point in the northerly line as above described. And the said Commissioners do hereby take for the purpose of a highway all the lands included within the lines of relocation hereinbefore described and as shown on the plan hereinbefore referred to and made a part hereof in so far as such lands may lie outside the limits of said way as heretofore defined. And permanent stone or concrete bounds, not less than three feet long, two feet of which at least shall be inserted in the earth, will be erected at the termini and angles of the way relocated as aforesaid when practicable; and when not so, a heap of stones, a living tree, a permanent rock, or the corner of an edifice will be a substitute; or said bounds may be permanent stone or concrete bounds not less than three feet long, with holes drilled therein, and filled with lead, placed a few inches below the travelled part of the street or way. And it is determined by the Commissioners that the Inhabitants of the Town of Braintree, do within two years from the date of this return and order complete said way in a thorough and workmanlike manner and to the acceptance of the County Commissioners. Said way shall be constructed to the full width indicated on said plan, throughout the entire length of the portion relocated by this return and order. Suitable sidewalks, gutters, culverts, retaining walls, fences and railings shall be constructed wherever needed. And it is determined by the Commissioners that all the expenses of making the relocation of this way prescribed in this return and order including the expenses of constructing said way and all land and other damages and expenses incident thereto, be paid by the Inhabitants of the Town of Braintree; and that the County of Norfolk shall pay to the Inhabitants of the town of Braintree the sum of four hundred and thirty dollars, payment thereof to be made at such time as the commissioners may determine, having regard to the amount of the work done and the proportion of the expenses to be paid by the County. And the Commissioners have heard the proprietors of lands and property, rights and interests, taken or affected by these proceedings, and have considered and estimated the damages sustained in the premises, having had regard to all the damages done to the parties respectively, whether by taking their property or injuring it in any manner, and having allowed by way of set off, the benefits, if any to the property of said parties in the premises and do estimate and determine the damages to be paid to said parties respectively, in the sums hereafter named; the same to be paid to said parties respectively by the Town of Braintree when the lands hereby taken and over which said way is hereby located, have been entered upon and possession taken for the purpose of con-
