Norfolk County  
Taking

Commonwealth of Massachusetts,

Norfolk, ss. At a meeting of the County Commissioners for the County of Norfolk, held at Dedham, within and for said County, on the twenty-sixth day of October, 1926, by adjournment of their September meeting next preceding; The petition of Henry W. Caldwell and others of Walpole, in said County, represents as follows: Commonwealth of Massachusetts, Norfolk ss. To the Honorable the County Commissioners of the County of Norfolk Respectfully represent your petitioners, inhabitants of the town of Walpole, in said County that common convenience and necessity require that the way known as West Street, a public way in said town be relocated between Cedar Street and the Norfolk Town Line for the purpose of establishing the boundary lines of said way, making alterations in the course or width of said way, and making repairs on said way. Wherefore your petitioners pray that said way may be relocated within the limits above specified.

Dated Walpole May 28, 1926.

- Henry W. Caldwell
- John Bock
- Timothy E. Delaney
- Arthur I. Maguire
- Henry M. Stowell
- Allston F. Hart
- Harry A. Whiting

This petition was presented to the Commissioners and duly entered at a meeting of said Commissioners, held at Dedham, aforesaid, on the first day of June, 1926, by adjournment of their April meeting next preceding; and

Plan Book 106 Plan 1019 - (1926)

the thirteenth day of July then next, and 11:30 o'clock in the forenoon, at the Court House in said Dedham, were appointed by the Commissioners as the time and place for commencing and proceeding to view the premises; and they thereupon caused a copy of said petition, and of this order thereon, to be served upon the Clerk of the Town of Walpole being the town within which such relocation of way was prayed for, thirty days at least before the time appointed for said view; and also caused copies of said petition and order to be posted in two public places in said town; and also gave notice to all persons interested, by causing a like copy to be published three weeks successively in the Walpole Times, a newspaper published in said County said posting and the last publication of said copy having been fourteen days at least before the time appointed for said view, that all persons and corporations interested for or against said petition, might then and there appear and be heard if they saw fit. And on the said thirteenth day of July, the Commissioners, Evan F. Richardson, Edward W. Hunt, and Frederick A. Leavitt, met at the time and place specified in said order, when and where the petitioners appeared, and the town of Walpole was represented by its selectmen; and the said Commissioners then viewed the route and premises, and heard all persons and corporations interested; and no party interested objected; and said hearing was then continued and adjourned to a meeting of the Commissioners held at Dedham aforesaid, on the fourteenth day of September by adjournment of their June meeting next preceding, when and where the said Commissioners proceeded to consider and adjudicate upon the prayer of said petition, and thereupon the said commissioners did adjudge that common convenience and necessity require that said way be relocated as prayed for in said petition. And thence the same was continued and adjourned from time to time to this meeting. And now the said Commissioners, by courses and distances, metes and bounds, do relocate said West Street as prayed for in said petition. And the lines of said relocation of said West Street are as follows: The northerly line begins at a Town Bound on the westerly side of said West Street about 350 ft., westerly of the residence of John and Henry G. Bock; thence northeasterly in the Town line between Norfolk and Walpole about 404 ft., to a town bound at the easterly corner of Bird Street and said West Street; thence northerly in the easterly line of said Bird Street and in the said Town line about 90 ft. to a stone bound; thence southerly and easterly by a 50 ft., radius curve 86.8 ft., to a stone bound; thence N. 57-27-10 E. 167.34 ft. to a stone bound; thence by a 1760 ft. radius curve to the right 309.74 ft. to a stone bound; thence N. 67-32-10 E. 131.32 ft., to a stone bound; thence by an 800 ft., radius curve to the left 182.68 ft. to a stone bound in the present westerly line of West Street.

The southerly line begins at the Town Bound at the point of beginning of the northerly line as above described; thence S.22-59 E about 54 ft. in the Norfolk-Walpole town line to a stone bound; thence northeasterly and easterly by an 800 ft., radius curve 61.69 ft., to a stone bound; thence N. 57-27-10 E. 572.55 ft., to a stone bound; thence by a 1700 ft. radius curve to the right 299.18 ft., to a stone bound; thence N. 67-32-10 E. 131.32 ft. to a stone bound; thence by an 860 ft. radius curve to the left 196.38 ft., to a stone bound in the present southerly line of said West Street; said bound bearing S. 35-32-50 E 60 ft., from the last bound in the northerly line as above described; then beginning at a stone bound in the said southerly line of said West Street at a point distant 1152.79 ft., easterly from the last above described bound; thence northeasterly and easterly by a 790.53 ft. radius curve 491.53 ft., to a stone bound in the present southerly line of said West Street, said bound being about 7 ft., westerly from the northwesterly corner of a barn belonging to W.L. Bowker, said bound being about 2850 ft. westerly from Cedar Street in said Walpole. Said lines are shown upon a plan entitled "Plan showing the relocation and widening of West Street, Walpole, between the Norfolk Town Line and Cedar St., as made by the Norfolk County Commissioners October, 1926. Hartley L. White, County Engineer, Scale 1 inch-40 ft.", and marked "Evan F. Richardson, Chairman" which plan is filed herewith and made a part of this return.

And the said commissioners do hereby take for the purposes of a highway all the lands included within the lines of relocation hereinbefore described and as shown on the plan hereinbefore referred to and made a part hereof in so far as such lands may lie outside the limits of said way as heretofore defined. And Permanent stone or concrete bounds, not less than three feet long, two feet of which at least shall be inserted in the earth, will be erected at the termini and angles of the way relocated as aforesaid, when practicable; and, when not so, a heap of stones, a living tree, a permanent rock, or the corner of an edifice will be a substitute; or said bounds may be permanent stone or concrete bounds not less than three feet long, with holes drilled therein, and filled with lead, placed a few inches below the travelled part of the street or way. And it is determined by the Commissioners that the Inhabitants of the Town of Walpole do within two years from the date of this return and order complete said way in a thorough and workmanlike manner and to the acceptance of the County Commissioners. Said way shall be constructed to the full width indicated on said plan, throughout the entire length of the portion relocated by this return and order. Suitable sidewalks, gutters, culverts, retaining walls, fences and railings shall be constructed wherever needed. And it is

determined by the Commissioners that all the expenses of making the re-  
 location of way prescribed in this return and order including the expenses  
 of constructing said way, and all land and other damages and expenses inci-  
 dent thereto, be paid by the Inhabitants of the Town of Walpole; and that  
 the County of Norfolk shall pay to the Inhabitants of the town of Walpole  
 the sum of fifty-six dollars (\$56.), payment thereof to be made at such  
 time as the commissioners may determine, having regard to the amount of the  
 work done and the proportion of the expense to be paid by the County.  
 And the Commissioners have heard the proprietors of lands and property,  
 rights and interests, taken or affected by these proceedings and have con-  
 sidered and estimated the damages sustained in the premises, having had re-  
 gard to all the damages done to the parties respectively, whether by taking  
 their property or injuring it in any manner, and having allowed, by way of  
 set off, the benefits, if any, to the property of said parties in the premises,  
 and do estimate and determine the damages to be paid to said parties  
 respectively, in the sums hereafter named; the same to be paid to said  
 parties respectively by the Inhabitants of the Town of Walpole, when the  
 lands hereby taken and over which said way is hereby located, have been  
 entered upon and possession taken, for the purpose of constructing said  
 way.

And having heard the proprietors of lands and property, rights and inter-  
 ests, taken or affected by these proceedings, the Commissioners direct that  
 all said proprietors shall have the right to take off their timber, wood,  
 and trees, and to remove their buildings, structures, hedges, walls, and fences,  
 from the lands so taken, at any time within six months from the date when  
 said lands have been entered upon or possession thereof taken for the pur-  
 pose of constructing said way.
