And on the said twenty-sixth day of May,the Commissioners,Edward W.Hunt,Frederick A.Leavitt and Russell T.Bates,met at the time and place specified in said order,when and where the petitioners appeared,and the town of Dedham was represented by its selectmen; and the said Commissioners then viewed the route and premises, and heard all persons and corporations interested; and no party interested objected:and there-

upon the said Commissioners did adjudge the common convenience and necessity require that said way be relocated as prayed for in said petition. And thence the same was continued and adjourned from time to time to this meeting. And now the said Commissioners, by courses and distances, metes and bounds, do relocate said Washington Street as prayed for in said petition. And the lines of said relocation of said Washington Street are as follows: The westerly line of Washington Street, Dedham at the corner of Gay Street in Westwood is hereby relocated at the Dedham-Westwood Town Line to a line beginning at a stone bound in the said town line, said bound bearing N-45-08-W 31.26 ft. from the town corner bound #2; thence northeasterly and northerly by a 130.00 ft. radius curve 98.33 ft. to a stone bound in the present westerly line of Washington Street as laid out by the Norfolk County Commissioners by Return dated October 7, 1930 and later laid out by the Department of Public Works on February 10, 1931. Said lines are shown upon a plan entitled "Plan showing the Widening of Washington St., Dedham at the Corner of Gay St., as made by the Norfolk County Commissioners by Return dated Aug. 4, 1936 Hartley L. White, County Engineer. Scale 1 inch=20 feet." and marked "Edward W. Hunt, Chairman" which plan is filed herewith and made a part of this Return. And the said commissioners do hereby take for the purposes of a highway all the easements and rights incident to a public highway in the lands included within the lines of relocation hereinbefore described and as shown on the plan hereinbefore referred to and made a part hereof in so far as such lands may lie outside the limits of said way as heretofore defined. And the said Commissioners do likewise further take all the easements in lands adjoining the location of said way as hereby established, consisting of the right to have the lands of said location protected by having the surface of the adjoining land slope from the lines of said location as indicated on said plan. And permanent stone or concrete bounds, not less than three feet long, two feet of which at least shall be inserted in the earth, will be erected at the termini and angles of the way relocated as aforesaid, when practicable; and when not so, a heap of stones, a living tree, a permanent rock, or the corner of an edifice will be a substitute; or said bounds may be permanent stone or concrete bounds not less than three feet long, with holes drilled therein, and filled with lead, placed a few inches below the travelled part of the street or way. And it is determined by the Commissioners that the Inhabitants of the Town of Dedham, do within two years from the date of this return and order complete said way in a thorough and workmanlike manner and to the acceptance of the County Commissioners. Said way shall be constructed to the full width indicated on said plan throughout the entire length of the portion relocated by this return and order. Suitable sidewalks, gutters, culverts, retaining walls, fences and railings shall be constructed wherever needed. And it is determined by the Commissioners that all the expenses of making the relocation of way as prescribed in this return and order including the expenses of constructing said way, and all land and other damages, and expenses incident thereto, be paid by the inhabitants of the town of Dedham. And the Commissioners have heard the proprietors of lands and property, rights and interests, taken or affected by these proceedings, and have considered and estimated the damages sustained in the premises, having had regard to all the damages done to the parties respectively, whether by taking their prop-

erty or injuring it in any manner, and having allowed, by way of set off, the benefits, if any, to the property of said parties in the premises, and do estimate and determine the damages to be paid to said parties respectively, in the sums hereafter named; the same to be paid to said parties respectively by the Inhabitants of the town of Dedham when the lands hereby taken and over which said way is hereby located, have been entered upon and possession taken, for the purpose of constructing the said way.
