Commonwealth of Massachusetts

Norfolk, ss.

To the Honorable the County Commissioners of the County of Norfolk:

Respectfully represent your petitioners, inhabitants of the Town of RANDOLPH in said County, that common convenience and necessity require that the ways known as Canton and Reed Streets, public ways in said town, be relocated between Canton Street and North Main Street for the purpose of acquiring slope easements.

Wherefore your petitioners pray that said ways may be relocated within the limits above specified.

Dated October 8, 1964.

This petition was presented to the Commissioners and duly entered at a meeting of said Commissioners, held at Dedham, aforesaid on the twentieth day of April, 1964, a notice of said meeting having been posted as required by law: and the eleventh day of May, 1965 and three o'clock in the afternoon at the Court House, in said Dedham were appointed by the Commissioners as the time and place for commencing and proceeding to view the premises and they thereupon caused a copy of said petition and of order of notice thereon, to be served upon the Clerk of the Town of RANDOLPH, being the town within which such relocation of way was prayed for, fifteen days at least before the time appointed for said view: and also caused copies of an abstract

Plan 535, P.L. Book 218

of said petition and of order of notice to be posted in two public places in said town; and to be published in the RANDOLPH HERALD, a newspaper published in said County, said posting and publication having been seven days at least before the time appointed for said view, that all persons and corporations interested for or against said petition, might then and there appear and be heard if they saw fit.

And on the said eleventh day of May, 1965, the Commissioners, John Francis Murphy, James J. Collins and Russell T. Bates, met at the time and place specified in said order, when and where the petitioners appeared and the Town of RANDOLPH was represented by its Selectmen; and the said Commissioners then viewed the route and premises and heard all persons and corporations interested; and no party interested objected; and thereupon the said Commissioners did adjudge that common convenience and necessity require that the said ways be relocated as prayed for in said petition.

And thence the same was continued and adjourned from time to time to this meeting.

And now the said Commissioners do establish the grade and limits of slope on a basis of four feet horizontally to one foot vertically when the variation of grade is less than three feet and two feet horizontally to one foot vertically where the variation of grade is over three feet.

And now the said Commissioners do take for highway purposes all the easements and rights incident to the construction of public highways as laid out by the Norfolk County Commissioners by Returns dated November 28, 1922, May 1, 1934 and June 16, 1964, for the protection of said construction and maintenance of slopes adjoining said construction as prayed for in said petition, all as shown upon a plan entitled "Plan showing Profile and Slope Easements for the construction of Reed and Canton Streets, Randolph from Canton Street to North Main Street as made by the Norfolk County Commissioners by Return dated

May 25, 1965. Horizontal Scale: 1 inch = 40 feet. Vertical Scale: 1 inch = 8 feet. Wallace S. Carson, County Engineer" and signed by "John Francis Murphy, Chairman" which plan is filed herewith and made a part of this Return in accordance with the provisions of Chapter 79 of the General Laws and all acts and amendments thereof and in addition thereto.

And it is determined by the Commissioners that the Inhabitants of the Town of RANDOLPH do within two years from the date of this Return and Order complete said way in a thorough and workmanlike manner and to the acceptance of the County Commissioners.

And it is determined by the Commissioners that all expenses of making the relocation of way as prescribed in this Return and Order including the expenses of constructing said way, and all land and other damages and expenses incident thereto, be paid by the Inhabitants of the Town of RANDOLPH.

And the said Commissioners have heard the proprietors of lands and property, rights and interests, taken or affected by these proceedings, and have considered and estimated the damages done to the parties respectively whether by taking their property or injuring it in any manner and having allowed by way of set off the benefits, if any to the property of said parties in the premises, and do estimate and determine the benefits offset any damages, therefore, no damages are awarded for an easement to construct a slope for the protection of said way on the following properties:-
