This petition was presented to the Commissioners and duly entered at a meeting of said Commissioners, held at Dedham,

REF PL # 684 of 1975 PL BK 251

on the thirteenth day of May 1975, by adjournment of their April meeting next preceding; a notice of said meeting having been posted as required by law; and the third day of June, 1975 and two-fifty o'clock in the afternoon at the Franklin Sr. High School in said Franklin were appointed by said Commissioners as the time and place for commencing and proceeding to view the premises; and they thereupon caused a copy of said petition and of order of notice thereon to be served upon the Clerk of the Town of FRANKLIN, being the town within which such relocation of way was prayed for, fifteen days at least before the time appointed for said view, and also caused copies of an abstract of said petition and of said order of notice to be posted in two public places in said town: and to be published in THE SENTINEL, a newspaper published in said County, said posting and publication having been seven days at least before the time and place appointed for said view, that all persons and corporations interested, for or against said petition, might then and there appear and be heard if they saw fit.

And on the said third day of June, 1975 the Commissioners, James J. Collins, Thomas K. McManus, and George B. McDonald, met at the time and place specified in said Order, when and where the petitioners appeared and the Town of FRANKLIN was represented by its Selectmen; and the said Commissioners then viewed the route and premises, and heard all persons and corporations interested; and no party interested objected; and, thereupon, the said Commissioners did adjudge that common convenience and necessity require that said way be relocated as prayed for in said petition.

And thence the same was continued and adjourned from time to time to this meeting.

And now the said Commissioners, by courses and distances, metes and bounds, do relocate said WEST CENTRAL STREET as prayed for in said petition.

And the lines of said relocation of said WEST CENTRAL STREET are as follows:

Beginning at a stone bound on the present northerly line of West Central Street as laid out by the Norfolk County Commissioners by return dated June 29, 1915, said bound being 319.03 ft. easterly of a stone bound at the westerly end of a 2466.71 ft. radius curve; thence easterly and northerly by a 20.00 ft. radius curve, 34.16 ft. to a stone bound which is on the westerly line of Union Street, said bound being 17.17 ft. northerly of a stone bound which is the last bound on said northerly line of West Central Street as laid out by the Norfolk County Commissioners by return dated June 29, 1915.

Beginning at a stone bound on the present southerly line of West Central Street, said bound being 56.06 ft. westerly of an iron rod on said southerly line of West Central Street; thence westerly and southerly by a 35.00 ft. radius curve, 57.95 ft. to a stone bound which is on the easterly line of Union Street, said bound being northerly 100.86 ft. from an iron pipe which is on the easterly line of Union Street.

And the said Commissioners do hereby take for the purposes of a highway all the easements and rights incident to a public highway in the lands included between the above-described lines and the lines previously established and shown as parcels 1 and 4 upon a plan entitled "Plan showing the Relocation and

Widening of West Central Street, Franklin, at its intersection with Union Street, as made by the Norfolk County Commissioners by return dated September 16, 1975. Scale: 1 inch = 20 feet. Alvah L. Downs, County Engineer" and signed by "James J. Collins, Chairman" which plan is filed herewith and made a part of this Return in accordance with the provisions of Chapter 79 of the General Laws and all acts and amendments thereof and in addition thereto.

And the said Commissioners do likewise take temporary easements in lands adjoining the location of said way as hereby established, consisting of the right to construct slopes, walls, retaining walls, walks, steps, drives, fences, curbing and railing between the lines of said location and the limit of easement as shown on said plan. Said temporary easements to be in effect only until said way is constructed to the full width of the layout as above described and a certificate to that effect has been duly filed by the County Commissioners with their official records.

And permanent stone bounds will be erected at the termini and angles of said way relocated aforesaid.

And it is determined by the Commissioners that the Inhabitants of the Town of Franklin do, within five years from the date of this Return and Order, complete said way in a thorough and workmanlike manner and to the acceptance of the County Commissioners.

The travelled part of said way shall be constructed not less than twenty-six (26) feet in width.

Suitable sidewalks, gutters, culverts, slopes, walls, retaining walls, walks, steps, drives, fences, curbing and railing shall be constructed, wherever, in the opinion of the County Commissioners, they are needed, provided, however, no trees more than one

and one half inches in diameter one foot above the ground shall be removed in the course of work done under this paragraph until the County Commissioners have been given notice of the intention to remove such trees and their assent thereto in writing has been given to the Inhabitants of the Town of FRANKLIN.

And it is determined by the Commissioners that all the expense of making the relocation of way prescribed in this Return and Order, including the expense of constructing and maintaining said way, and all land and other damages and expenses incident thereto to be paid by the Inhabitants of the Town of FRANKLIN.

And the Commissioners have heard the proprietors of lands and property, rights and interest, taken or affected by these proceedings, and have considered and estimated the damages sustained in the premises, having had regard to all the damages done to the parties respectively, whether by taking their property or injuring it in any manner, and having allowed by way of set off, the benefits, if any, to the property of said parties in the premises, and do estimate and determine the damages to be paid to said parties respectively, in the sums hereafter named, in accordance with the requirements of General Laws, Chapter 79, possession becoming effective upon the recording of this Return and Order of Taking in the Norfolk Registry of Deeds.
