

Plan of Land in Quincy, Mass.
 Scale 40 feet to an inch
 Oct. 19, 1971
 Ernest W. Branch Inc. Civil Engineers
 Adams Building, 1354 Hancock St. Quincy

I certify that this actual survey was made on the ground in accordance with the Land Court Instructions of 1971 between June 9 and Oct. 4, 1971.
 Oct. 19, 1971: Robert S. Booth Jr. Engineer

Approval Under Subdivision Control Law Not Required.
 Date: Oct 21, 1971
Jeffrey A. Davidson
 Director of Planning

Approval is not required because this plan is not a subdivision and is not processed under the Subdivision Control Law as set forth in Section 81P of Chapter 40A.

All lines shown are the lines dividing existing lots, and the lines of streets and ways shown are those of public or private streets or ways already established and no new lines for division of existing ownership or for new ways are shown.

Note: Existing Buildings are built on piles in filled marshland, therefore the offsets to the property lines would hold better than any bounds that could be set.
